GAVE REPUBLICANS $10,000 PER YEAR

Life Insurance Companies Were Regular Contributors.

SENATOR PLATT ON THE STAND

United States Senator From New York Makes a Sensational Statement Before Insurance Investigation Committee—Big Three All Contributed.

New York, Nov. 22.—United States senator Thomas C. Platt testified as a witness before the insurance investigation committee today. Senator Platt said that the Equitable society contributed $10,000,000 a year to the Republican state campaign fund. Senator Platt said that the contributions were in cash and were sent by messenger to his office and he turned them over to the state committee. They were unsolicited, he said.

Senator Platt said that $10,000 was frequently paid as an annual contribution to the state campaign fund, but that it was not a regular thing and that he could not remember the years in which it was paid. The New York Life Insurance company, he said, also contributed but not nearly so much.

No other insurance companies' contributed so far as he knew. Senator Platt said he was expected in return for the contributions to influence legislation when any measures were hostile to the insurance companies. He added that he does not know Andrew Hamilton nor anything about Hamilton's activity before the legislature. He knew nothing about Andrew C. Fields, who represented the Mutual Life Insurance company at Albany.

Senator Platt said also that he had received frequent contributions of $10,000 from the Mutual Life Insurance company.

PLAN TO ASSASSINATE PALMA.

Arms and Ammunition Found Secreted Near His Palace.

Havana, Nov. 22—Evidence obtained by the committee which is investigating the discovery by secret police Saturday last of a considerable quantity of arms, ammunition and accoutrements in a house in the Cerro suburb is tending to implicate a few men of some prominence. The government has no doubt that the materials came from the United States, and it is seeking to learn who were the purchasers.

Government officials admit now that they have received various secret advices regarding contemplated uprisings before election day in various parts of the island, particularly in the provinces of Santiago, Sanuta Clara and Pinar del Rio, with a probable attack on the palace in Havana. The object of the latter, according to the officials, appears to be the removal, possibly by assassination of President Palma. The plotters, it is pointed out, are well aware, since there is now no vice president, that the election of President Palma's successor would, according to the constitution, be in the hands of congress, and that the liberals, with the help of a few independents, could control both houses.

Sixteen Men Are Drowned.

Clarks Harbor, N. S., Nov. 22.—The Norwegian steamer Turbin, with her captain and crew of about sixteen men is thought to have foundered in a terrific gale which swept over Nova Scotia last Friday. The coasting steamer Edna R, which arrived here today from Mud island, brought news that on Friday, about 5 p. m. a large steamer, supposed to be the Turbin, struck Black Rock ledge, off the south coast of the province, backed off in a few minutes and then disappeared in the raging sea.

Killed in Auto Accident.

Atlantic City, N. J., Nov. 22.—C. W. Greenwald, who was injured in the wreck of the Everard automobile on the Veiner Speedway last night, died today. William Williams and Isaac Bennett, who were hurt in the crash, are recovering.

EXPENSIVE DENTAL WORK.

Prince Louis Is Charged an Enormous Sum by New York Dentist.

New York, Nov. 22.—Prince Louis' strenuous life in American included several extra strenuous hours in a dentist's chair and that particular part of his program proved costly.

The total time spent with the dentist was five hours, according to a friend of the prince, and the bill was $1,000. When the bill was presented the prince said nothing but gave his check for the amount. Later in the day, however, he showed the receipt to his friend, Colonel Robert M. Thompson, who declared that it was pretty steep even for a New York dentist.

"The prince paid the bill as soon as it was presented," said Colonel Thompson last night, "and the matter would have ended there had I not seen the amount charged. I told the prince what I thought about it and his British sense of fair play caused him to make a protest. A bill as presented was not itemized, and the prince at my suggestion wrote the dentist asking that an itemized bill be sent to Sir Percy Sanderson, the British consul general. All further action will be in Sir Percy's hands. The work done by the dentist consisted in filling four teeth and putting in an artificial one. The dentist who did the work was not at home to visitors last night. Earlier in the day he is reported to have declined to discuss the matter beyond saying that a bill had been presented and paid.

CHINESE BOYCOTT A MENACE.

American Interests in Orient Will Suffer Greatly Unless Stopped.

Berkeley, Calif., Nov. 22.—Horace Davis, a former president of the state university and prominently connected with the Pacific coast trade with the Orient, declared today in a lecture on that subject before the college of commerce, a branch of the University, the boycott on American goods in China, to be a menace to American interests in the Orient, creating a situation so serious that the Chinese government finds itself powerless to control it. The untoward condition he attributed to the harsh administration of the American exclusive law.

Speaking of the possibilities of the trade with China alone, he said:

"The Chinese now have a foreign commerce amounting to about $1.25 a head per year. Japan has a forty-year developed in commerce, running from nothing to about $5.50 per persons a year or about $260,000,000 per year altogether. If China can be made to develop such a trade as this in the same trade, it would amount to about $250,000,000. Now China's foreign commerce is $333,000,000. What this great growth would mean to all the countries taking part in supplying needs can easily be understood. If China could ever be made to develop a foreign commerce equalling per capita the commerce of this country, it would amount to the stupendous total of $13,000,000,000 a year, an amount almost inconceivable.

Want Treaty With San Domingo.

New York, Nov. 22.—The foreign creditors of the Dominican government have, through their counsel, ex-Judge William Cohen, of this city, advised the state department at Washington that they favor the passage of the treaty with Santo Domingo. Judge Cohen called on Secretary Root recently to express the preference of his clients, who are the British, French and Belgian creditors, for the treaty which means a guarantee of a settlement of their claims, which amount to about $4,500,000. These creditors, however, it is said, are not using any means to aid in the ratification of the treaty by the senate at the coming legislative session.

Woman Arrested for Murder.

Presque Isle, Me., Nov. 22.—Mrs. Isaac Barnes was arrested yesterday charged with murder. It is alleged that she placed strychnine in Epsom salts, thereby causing the death of Pearl Barnes, her 13-year-old stepdaughter. Mr. and Mrs. Barnes had been separated for several months, and the authorities maintain that the poison was intended for Barnes.

EIGHT HOUR WORK DAY IS ENDORSED

American Federation of Labor Assists Union Printers.

GIVE MORAL AND FINANCIAL AID

Delegates to Annual Labor Meeting Have Warm Discussion Over the Socialistic Idea of Government—Hot Speeches from Both Sides.

Pittsburg, Nov. 22.—At the morning session of the American Federation of Labor Frank K. Foster, of Boston, secretary of the committee on President Gomper's report, read a supplementary report. The matter of the eight-hour day for the union printers was endorsed and the executive council in giving the printers moral aid and financial support, was commended.

The council was instructed to continue their aid to the printers if it is necessary after Jan. 1, 1906. The committee reported that the eight-hour day for printers is in force in 268 cities and towns in this country and Canada. An assessment of 4 cents a member was ordered by the Federation to aid the printers in their contest.

This assessment is expected to yield $80,000. The 50-cent assessment made by the International Typographical union has been indorsed by that body by a vote of 25,948 to 6,534.

Delegate Johannsen, of Chicago, made a severe attack on the industrial workers of the world, characterizing them as enemies of free speech and free government. He resented the imputation that the American Federation of Labor was the American Federation of "grafters," as the industrial workers of the world called the federation.

Delegate Goldstein, of Boston, followed the speaker, with a drastric address in which he condemned the Socialists for their inconsistency and ill timed attack on the federation of labor and the officers.

Victor L. Berger, of Milwaukee, replied to the two addresses and in a witty speech said the socialists "numbering 10,000,000 in this country, were the night-watchers of the American Federation of Labor."

Max S. Hayes, of Cleveland, O., one of the champions of socialism, followed with a hot speech, defending the socialist party.

EX-GOV. BLACK RETAINED.

Hearst Forces Will Fight For Recount in New York.

New York, Nov. 22.—Clarence J. Shearn, personal counsel of W. R. Hearst announced last night that ex-Governor Frank S. Black had been retained to take charge of the criminal end of the litigation which has grown out of Mr. Hearst's mayoralty contest.

Mr. Black will take hold at once and will work in co-operation with Attorney General Mayor. Mr. Shearn indicated that the ex-Governor might act as a special attorney general to follow up the important line of investigation which has developed within the last two o rthree days.

Mr. Shearn announced that application would be made today for an order for the opening of the ballot boxes. The Hearst lawyers last night had not termined whether to ask for the opening of only one ballot box at first—as a test—make application at the same time for the opening of the ballot boxes from a number of election districts in which they allege evidences of fraud have been discovered.

Thrilling Experience of Steamer.

Vigo, Spain, Nov. 22.—The Spanish steamer Octubre, from Marseilles, bound to Rotterdam, had a thrilling experience during the recent storm. Seas washed over the vessel, her machinery broke down and she drifted helpless for four days. When hope had been abandoned the Octubere was sighted by the British steamer Almagro, which finally, with difficulty, rescued the entire crew, number 23 men. The coast in this vicinity is strewn with wreckage.

FEMALE EXPLORER RETURNS.

Widow Takes Up Work of Husband and Completes Exploration.

Quebec, Nov. 22.—After a rather rough and stormy passage in the gulf and river St. Lawrence, the coasting steamer King Edward arrived here last night from Chateau bay in the straits of Belle Isel having on board among her passengers Mrs. Hubbard, widow of the ill-fated Leonidas Hubbard, who lost his life in endeavoring to explore the wilds of Labrador peninsula. Mrs. Hubbard is accompanied by George Esen, the Montagnas Indian guide, who was with her husband during his unlucky expedition. She left here for Montreal on her way to New York, where she will arrive today.

When questioned about her expedition she said that she had succeeded in her object; that she had followed the route taken by her husband from the coast to the point where she had met his death from exposure and starvation; that she had found where he had divirged from his route and lost his way, and that she had cleared up some important points in regard to the headquarters of the Northwest river which flows into Lake Melville and Hamilton inlet as well as in regard to his leaving Mishikaman, the height of land and the George river, which flows into Ungava bay. She said there was no truth in the report of her search for gold deposits.

Bank Appointed as Receiver.

Pittsburg, Nov. 22.—Upon application of the Dollar Savings Fund and Trust company, of Allegheny, administrator of the estate of Cashier T. Lee Clarke, of the Enterprise National bank, H. S. Calvert was today appointed receiver of the International Aluminum company. The company by its president, Frank C. Harper, joined in the prayer for a receiver. Clarke's estate is the owner of 52 per cent of the capital stock. He was president and for a long time treasurer. The capital stock is $50,000; assets $24,640 and liabilities not including the captial stock $6,500. The company was engaged in mining at Rome, Ga.

Man Cannot Be Identified.

Birmingham, Ala., Nov. 22.—All efforts so far have failed to identify a man who has been found at East lake, six miles from Birmingham, and who is undoubtedly insane. The man seems likely to prove a seven days wonder to the residents there, although he has been brought here and lodged in the county jail for safekeeping. It is thought that he is either an escape from the Tuscaloosa insane asylum or one to the north of here, the latter being founded upon frequent remarks made by him about "going back to Tennessee."

Iron Workers' Union Suspended.

New York, Nov. 22.—The building trades employers' association suspended the structural iron workers' union yesterday. There will be another meeting today to decide whether to start the open shop plan so far as this union is concerned. This action is necessary, say the employers, as the strike of the iron workers has stopped fifty buildings in the course of construction in the city, and unless the work is rushed through while the weather is not too cold, the buildings will be delayed months beyond the schedule time for completion.

Railway Mail Service Man Dies.

Cincinnati, O., Nov. 22.—Word was received here today of the death of Orlando T. Holloway, superintendent of the railway mail service for the fifth division, at his sister's home at Leesdale, Pa., last night. He has been in the railway mail service for 24 years, being promoted steadily, and for the past eight years was superintendent of his division.

Chicago Jews Contribute $60,000.

Chicago, Nov. 22.—M. E. Greenbaum, the treasurer of the Jewish Relief association committee sent a check for $20,000 to Jacob Schiff, of New York, yesterday, making $60,000 that has been forwarded from Chicago for the alleviation of the suffering of the Russian Jews.

MORE MONEY NEEDED BY POSTAL SERVICE

Postmaster General Cortelyou Makes Annual Report.

LARGE DEFICIT FOR FISCAL YEAR

Owing to the Increased Facilities Demanded by Rural Free Delivery, It Is Necessary to Have More Money to Carry Out This Part of Service.

Washington, Nov. 22.—Postmaster General Cortelyou recently completed and forwarded to the secretary of the treasury the estimates for the post-office department for the fiscal year ending June 30, 1907. They show a reduction of expenses wherever it is believed it will not impair the service, but provisions for a development of postal facilities to meet the growing needs of all sections of the country.

The estimates for the postal service at large—the field service—aggregate $193,000,000, an increase over lasts year's appropriation of about $12,000,000. This increase represents the normal growth of the service based on what the postal authorities regard as the most careful and conservative estimates. Each succeeding year sees a large increased business of the department. The principal items in the increase are the rural delivery service, railway mail service, compensation to postmasters of their clerks and the compensation of letter carriers.

For the maintenance of the rural delivery and the expension over $79,000,000 will be required. This is an increase of $3,360,000 over the appropriation for the current year which in turn is over $5,000,000 more than that of last year, so that the present estimate is $1,400,000 more than that of last year, so that the present estimate is $1,400,000 less than the increase of the present over the preceding year. That the extension of the pneumatic to the service is contemplated is shown by the fact that the estimate carries $322,000 more than the current appropriation. The deficit for the fiscal year ended June 30, 1905, was $14,572,584.

This amount, the difference between the expenditures and the revenues of the department, it is officially announced, "may be said to represent the actual cost of the postal service to the people. If recent calculations are as accurate as they have been frequently in the past, they afford good reason for believing that the deficit for the year ending June 30, 1906, will be considerably less. It is an interesting fact that the total revenue for the fiscal year of 1905 exceeded the total expenditures for the fiscal year 1904 by nearly $500,000.

COAST LINE ELECTS PRESIDENT.

New Executive Commenced Work on a Salary of $75 Per Month.

Richmond, Va., Nov 22.—The annual meeting of stockholders of the Atlantic Coast Line today elected T. M. Emerson, of Wilmington, N. C., President, vice R. G. Wynn, resigned. Mr. Emerson was formerly fourth vice president and traffic manager. He succeeded Mr. Erwin on the board of directors. All the other officers were re-elected.

Alex Hampton, formerly second vice president was promoted to first vice president. C. S Gadsden was promoted from third to second vice president. J. R. Kenly was made third vice president. A dividend of three per cent was declared on the stock, placing it on a six instead of a five per cent basis.

The annual report showed an increase in mileage, gross and net receipts. President Emerson started with the road as a clerk in the freight offices in Wilmington, N. C., at a salary of $75 per month.

Admiral Train at Manila.

Manila, Nov. 22.—Rear Admiral Train, on board the flagship, the battleship Ohio and accompanied by the battleship Oregon, arrived at Cavite this morning from ports on the China coast.

HOLLOWAY CASE IS NOW ON IN COURT

All of Wednesday Afternoon Was Spent Trying to Secure Jury.

FIVE HAVE BEEN SELECTED

By Order of Court a Special Venire of Twenty Was Drawn From Box and Case Will be Resumed Today—Other Transactions of the Court.

The principal business to come before the circuit court Wednesday was the case of the State vs. William M. Holloway, charged with criminal libel. The case was originally set for 9 o'clock in the morning, but at the convening of the court was postponed until 2 o'clock.

Promptly at that hour the docket was sounded, and all parties announced ready for trial. The court room was not unusually crowded, as was expected would be the case, which was evidence of the fact that this famous case had lost the original interest which it commanded.

The afternoon was spent in securing a jury, and only five were selected. The panel having become exhausted, the sheriff and clerk, by order of the court, drew from the box a special venire of twenty names for this case, as follows:

John B. Polk, C. A. Williams, C. D. Wood, J. P. Jones, L. Guthrie, A T. Kelley, W. D. Tillman, A. R. Kelley, M. Clemmons, D. L. Graham, J. C. Baxley, M. W. Danforth, J. C. Martin, M. M. May, J. E. Griffith, W. H. Boone, W. C. Dampier, J. F. Beck, W. C. Lindsay and J. W. May.

Those selected Wednesday afternoon were W. A. Hudson, J. T. Richard, F. T. Baker, Jr., J. M. Manning, M. E Jolly.

Miss Lois Hale was sworn in as stenographer in this case.

Robert E. Davis was sworn in as assistant State's attorney, but has no connection with the Holloway case.

By leave of the court Hon. Benj. P. Calhoun, State's attorney, filed the following information:

State vs. Charley Roberts, selling liquor in a dry county, two indictments.

State vs. Julius Washington, selling liquor in a dry county.

The following cases were brought up and disposed of:

State vs. John Williams, assault, appeal from justice court dismissed.

State vs. Moses Williams et al., assault, appeal from justice court dismissed.

State vs. James R. Smith, assault, appeal dismissed.

State vs. Ben McNish, appeal dismissed.

State vs. James Pelham, appeal dismissed.

State vs. Holmes Dorsey, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

Court adjourned until 9 o'clock this morning.

Rev. D. B. Strouse.

This gentleman, who is now conducting a series of evangelistic meetings, with Pastor T. J. Nixon at Kavanaugh Methodist Church, is already known to many of our people, as he has visited Gainesville several times before. He is the father of Dr. Clarence B. Strouse, so well and favorably known in our city.

Mr. Strouse is apparently about sixty years of age, and is a man of fine appearance and cheerful disposition. He is a very successful business man who gave up a large and lucrative business in Salem, Va., that he might give his entire time to evangelistic work. He practiced law for eighteen years, and gave it up to attend to his large manufacturing interest, he being president of the company.

Mr. Strouse is a man of deep piety and a broad, catholic spirit. He is a member of the Lutheran church, but works harmoniously with other churches in revival meetings. He greatly desires that the pastors and members of the other churches will attend the meetings as much as possible. The special meetings began Tuesday night and will continue for about twelve days. Services daily at 3 p. m. and 7:30 p. m.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

APPLICANTS TO PAY FEE.

Recommendation Is Made in Regard to Civil Service Examinations.

Washington, Nov. 22.—A fee from applicants for examination by the civil service commission wil be charged in the future if the recommendations of the chief examiner of M. K. Kiggins, of the committee is adopted. This indication is made by Mr. Kiggins, which will be submitted to the commission today. The indications as now given out by the commission without cost to the applicants, but the chief examiner calls attention to he great expense in preparation and rating of papers, correspondence, recording, printing, photo lithographing, etc. ,and recommends that each applicant be required to pay for the privilege.

He suggests fees ranging from 50 cents to $2 or more, acording to the importance of the position for which the applicant is examined. He calls attention to the self-sustaining system in other government bureaus through fee collections.

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

S.S.S. OUR RECORD

40 YEARS of CURES

With medicines as with other things, the surest test of worth is the length of time they have the confidence of the people. The efficacy of S. S. S. has been thoroughly proven by experience, and so successful has it been that today it is the best known and most widely used blood remedy in the world. For diseases such as Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, and other troubles due to an impure and poisoned condition of the blood, no remedy acts so promptly and thoroughly as does S. S. S., and thousands throughout the country, cured of such diseases, are daily recommending it to others similarly afflicted. ***ITS FORTY YEARS OF EXISTENCE HAVE BEEN FORTY YEARS OF CURES.*** S. S. S. is a blood purifier of the highest order, containing properties necessary to cure blood troubles of every character, and which make it the greatest of all tonics. It goes into the blood and drives out any and all impurities, and makes this stream of life strong and healthy, and when this is done disease cannot remain. Being made entirely from roots, herbs and barks, chosen for their healing, purifying and building-up properties, it does not injure any of the delicate organs or tissues of the body as do those medicines which contain Potash, Mercury, Arsenic or other harmful minerals, but cures safely as well as permanently. S. S. S. reaches deep-seated and inherited cases on which the ordinary Sarsaparillas and tonics have no effect. It is no experiment to use S. S. S.; it is a remedy with a record; it has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S.; write us about your case and let our physicians advise you and send book on the blood; no charge for either.

NEWS OF CITY AND COUNTY CONDENSED

James Doig returned yesterday from a visit to the State Fair at Tampa. He pronounces the Alachua county exhibit as very fine.

A. B. Oliver, traveling salesman for the Consolidated Grocery Company, left yesterday for Alachua and other points in the interest of his firm.

G. W. Clark of Nashville, Tenn., manager of C. Crough & Sons, breeders and importers of horses, left yesterday for Tampa, after several days spent in this city.

Miss Eva Taylor of Tallahassee, the accomplished daughter of Justice R. Fenwick Taylor, is in the city, the guest of Evans and Mrs. Rachel Haile. The numerous friends of this young lady are delighted to welcome her.

"A BREEZY TIME"

Will Appear at the Opera House Next Tuesday Night.

Manager Layton should be congratulated on securing so good an attraction for next Tuesday night as "A Breezy Time." If he always books as good an attraction as this the amusement-loving people of Gainesville will have no cause to complain.

Wherever this company has appeared this season the press and public has been unanimous in pronouncing their performances the best ever seen. "A Breezy Time" is in three acts, the plot of which is so light that it is hardly worth mentioning, although every act has been happily impregnated with everything that is new and up-to-date, including music, songs, dances and clever specialities, all of which are introduced in an easy and perfectly legitimate manner.

The cast of "A Breezy Time" Company consists of the pick of some of the foremost artists now appearing on the farce comedy stage, who have the ability to depict in a fine and artistic manner the finely-drawn characters in this, the funniest of all comedies.

Reserved seat sale now on at W. W. Avera's store.

MASONIC CONVENTION.

Will Convene in Masonic Hall This Evening—Many Masons Expected

The district convention of Masons, Eleventh District, will convene in Masonic hall this evening, District Deputy Grand Master A. M. Cushman presiding.

The lodges to be represented at this convention are Waldo No. 10, Alachua No. 26, Micanopy No. 29, Gainesville No. 41, Melrose No. 89, Rock Hill No. 96, Hawthorn No. 103, Island Grove No. 125.

During the convention, which will last for three days, the various degrees of the order will be exemplified. Most Worshipful Grand Master Charles W. Johnson of Jacksonville and Past Grand Master Marcus Endel of this city constitute the committee on work, which is a sufficient guarantee that the work will be properly and impressively exemplified.

A large attendance and enthusiastic meeting is anticipated.

THE REVIVAL.

Revs. T. J. Nixon and D. B. Strouse Conducting Services.

Revs. T. J. Nixon, pastor of Kavanaugh Methodist Church, assisted by Rev. D. B. Strouse of Salem, Va., began a series of meetings at that church Tuesday evening. The first meeting was well attended, and the meeting gives promise of great success.

All pastors of the city, together with their congregations, are invited to join in the meeting.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, sour bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

KEYSTONE BAKERY,

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dimples. No cough, no indigestion.

Business Items and Personal Notes From This Section.

Lochloosa, November 22.—J. P. Tompkins has left for Silver Springs, where he will take the job of laying track.

A. T. Gore left Monday for Meadow, where he will take the job of laying three miles of tramroad for Davis & Company.

G. A. Singletary of Gainesville has shipped his household furniture here and his family will come in a few days.

Robert J. Tompkins rolled in Sunday morning from Leesburg, where he has been for quite awhile in the wheelwright and blacksmithing business. He expects to locate here.

W. P. Cochran of Lakeland is visiting his mother, Mrs. Mary Cochran, who is quite ill.

Some of the people are done grinding cane in this section, while some have not started.

B. A. Adkins of Tyler was up Saturday to see the last remains of his mother, but came too late.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. D. Webster & Co., Udora, Ontario, Canada. For sale by all druggists.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and $1. Sold by W. M. Johnson.

Use Theaters on Sunday.

New York, Nov. 22.—At the interchurch conference in session here Rev. Dwight Hillis, chairman of the Evangelistic work of the national counsel of Congregational churches of the United States, told the preachers not to break their hearts if they have large congregations in the morning and but a few in the evening. He said if they would only hire theaters they could get the people to attend service. "There were two theaters open last night," he said, "and if you and I do not use the theaters on Sundays, there will soon be a time when the theaters will be open from the Atlantic to the Pacific on Sundays."

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Ordered Not to Print News.

Gadsden, Ala., Nov. 22.—Jack Hunter, one of the negroes charged with the murder of Mrs. J. S. Smith, was placed on trial in the city court. A sensation was created when Judge J. H. Disque ordered the court room to be cleared of a large crowd of spectators upon the request of the relatives of the murdered woman, and warned the newspaper reporters not to publish any of the evidence under a penalty of being sent to jail. This is the first time in the history of the county that such action has been taken.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Cease Refunding of Bonds.

Washington, Nov. 22.—Secretary Shaw today made public the following statement: "The secretary of the treasury hereby gives public notice that the refunding of the United States 3 per cent bonds of the loan of 1908-18 and 4 per cent bonds of the bonded loan of 1907 now proceeding under circular of Sept. 28, 1905, will be discontinued after Nov. 29, 1905. Bonds that were intended for refunding must be forwarded so as to be received at the treasury department not later than November 29th."

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared. LIFE INSURANCE.

Under the heading, "A New Subject For Legislation," The Savannah News has the following sensible article:

"The indications are multiplying that there will be a large number of bills introduced into Congress at the approaching session of Congress, relating to both life and fire insurance. One lot of bills will provide that the government shall assume a certain amount of control of life insurance companies, and shall inspect them to see that they are being conducted in accordance with the laws of the States in which they are chartered, just as national banks are now inspected. It will be recalled that at the last session of Congress Senator Dryden of New Jersey, who is president of the Prudential Life Insurance Company, introduced a bill giving the general government control of life insurance companies on the ground that they were doing an interstate business, and that, hence, Congress had authority to take control of them. It is a question, however, whether the Supreme Court would hold that a life insurance is an article of interstate commerce. It recently decided that a fire insurance policy was not. It might take a different view of a life policy.

"The most interest, however, seems to center around the proposition that the government shall go into the life insurance business—shall issue policies in competition with private life insurance companies. It is said to be astonishing how great the number of intelligent persons is that approves this proposition. It would naturally be supposed that but few would approve it, because politics would interfere so greatly with the business that the government would be a big loser, and also because such business would be a tremendous movement in the direction of paternalism—of centralising the government.

"It is true of course that countries and cities of Europe have done and are doing a life insurance business, but they confine their operations to the very poor. There is surprisingly little information in respect to their activities in this direction in any publications to be found in this country. But the kind of insurance they do is hardly that which it is proposed our government shall do. According to the bills which have been prepared it is the purpose to have the United States insure all classes of risks. If the government should go into the business it could do it so much cheaper than private companies, owing to the fact that it wouldn't hire solicitors, that it would doubtless drive the private companies out of business—would, in fact, practically do all of the life insurance business. It would have to employ an army of clerks and the probabilities are it would have dumped on it all the disease-ridden risks that private companies refuse. The politicians would see to it that the government took care of the families of all such risks.

"Of course no bill making the United States a life insurance company is going to pass with a rush and no such bill may be passed at all, but there is no doubt that big efforts are to be made to get Congress to legislate along the line indicated."

Jacksonville will have pure food on exhibition—not for sale.

CONSULAR AGENTS.

Under the new ruling concerning appointments to the consular service by President Roosevelt the applicants for consulates must pass the examination of Consuls whose salaries are $2,500 or less and also provides that they must understand thoroughly at least one modern language other than their own. This is the most important step that has been taken toward making our consular service efficient and equal to the consular services of Germany and England. Under this ruling any future applicant for a consulate would be required to speak the language of the country to which he is sent and for the first time the commercial interests of our country will be regarded as paramount for the influence that any consular aspirant can bring to bear on the President.

It is manifestly impossible for a man neither speaking nor understanding German to adequately represent our trade interests in Germany and the same is true of every other country to which we send consuls. A shoe firm that desired to introduce American shoes in France would be throwing away money to send an agent there who knew nothing of French and who could have no communication with any native of that country who failed to speak English, but this is the character of the representation that the government has for a long time been providing the commercial interests of the United States in foreign countries. It has long been our fatuous boast that the consular service of this country superior to that of any other country, but the results of the service have not justified the boast as is attested by Assistant Secretary of State Pierce, who visited every important consulate in Europe and Asia last year and who furnished the President the report that resulted in this ruling.

STATE FAIR NOTES.

The great Florida State Fair, now in progress at Tampa, is pronounced by thousands of visitors to be the grandest fair ever held by any State in the Union. The second week of the fair opened Monday, and since that day the attendance has been constantly swelling owing to the many special attractions offered to the public. The big crowds are being taken care of in an excellent manner, hundreds finding accommodations in private homes as well as in the scores of hotels and boarding houses operating in Tampa during the tourist season.

Governor Broward spent two days at the State Fair in Tampa last week, making a second trip from Tallahassee for this purpose. He pronounces the fair to be the most successful he has ever seen in any State, as do the legislators and newspaper editors who attended on the opening and succeeding days. Not less than 200 of the finest horses ever brought South are quartered at the track, and the racing is the finest ever seen in Florida. Owing to the arrival of such a large number of horses, many extra races have been arranged for, and will continue until the closing day, Thursday November 30th, which is known as Brown Day, in honor of President T. J. L. Brown of the Fair Association. From now on there will be many special features and special days for the pleasure of visitors.

As shown by records kept in the buildings of the State Fair at Tampa, not less than 5,000 home seekers from other States, including those of the great Northwest, have attended the fair and these are still in Florida, looking for locations for permanent homes. A large portion of this number bought one-way tickets, intending to locate in Florida without returning to their former homes. Every Floridian who feels an interest in his State should attend the fair before the close, November 30th.

Beware of Ointments for Catarrh That Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

The county superintendent of schools for Hernando county, in replying to the sarcasm poked at him by The School Exponent, very gracefully accepts all that is said, but still sticks to his text and insists that in employing strangers as teachers he must know something of their past history. We admire his judgment and he certainly will not have any objectionable teachers if he can avoid it.

There is one thing certain, and that is that the people of Florida will have to be more careful in selecting members of the Legislature, or else submit the measures brought before that body to a committee of investigation, before they come up for passage.

Those hot-headed Cubans have been living so long in peace and quiet that they just can't stand it no longer and there is trouble brewing. A house filled with arms and ammunition was discovered in Havana a few days ago.

F. L. Huffaker, who has made many friends as secretary of the State Fair at Tampa, will remain in that city as city editor of The Times, one of Tampa's hustling evening papers. Mr. Huffaker is a brilliant writer.

It Costs Nothing

To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co., asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised me to try Dr. Miles Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirteen bottles of the two medicines, and haven't been bothered with my heart since." MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it was known by it's proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it.
WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

PEOPLE OF GAINESVILLE

A PROCLAMATION BY W. M. JOHNSON.

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to pass that they knew not what to believe.

Inasmuch as this unsatisfactory state of affairs now exists, know, therefore, all persons who are in need of a medicine for any of the following ailments, that we will supply them with Vinol, our Cod Liver preparation made without oil, on a positive guarantee that if it does not succeed in benefiting them, we will refund the entire amount of money they have laid out on the medicine.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable and of great curative value. Such is VINOL; it is not a patent or secret medicine,—everything in it is plainly printed on the label. We are familiar with every particle of it, and know that it should be a blessing to all persons who have troubles hereinafter described; and, unlike other medicines, it will cost absolutely nothing if it produces no benefit.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe in our hearts will be a blessing to you, and if it is not we will return to you every penny you paid us. Is there anyone foolish enough not to accept this offer? If you are ill and need such a medicine you owe it to your family, to your friends, and yourself to try VINOL, which we give you our pledge is a genuine Cod Liver preparation made from fresh Cod's Livers.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers, if we did not know VINOL to be an honest and unusually valuable remedy for the ills for which it is prescribed? We certainly could not; **we therefore ask you, our neighbors, friends and acquaintances,** to accept our assurances that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in our offer.

All Run Down—No Appetite. If you feel all worn out, have very little appetite, and not much sleep, caused by over-work or sickness, try VINOL on our guarantee.

Debilitated—All Tired Out. Why drag out an existence without life or ambition. It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated. If you do not feel well try VINOL. If it does not help you, your money will be refunded.

Gain Flesh—Get Strong. You can get fat without taking disagreeable Cod Liver Oil. Fat taken into the system does not create fat. We believe VINOL will create flesh quicker than any preparation containing grease. We have proved in many cases that VINOL quickly creates strength. Try it on our guarantee.

Indigestion—Dyspepsia. Only those who actually suffer know its terrors, for them life is robbed of all joy. It produces many serious complications and enfeebles the entire system. Relief only comes when a scientific remedy enables the stomach to properly assimilate food. There is no medicine that will do this so successfully as VINOL. Try it on our guarantee.

Old People—Weak People need a strengthening and invigorating rebuilder. VINOL is of exceptional value in such cases. We guarantee it to give strength and health to those who are weak and debilitated, from disease or old age. Try it on our guarantee.

Pale Women—Pale Children need a tonic-reconstructor that will create flesh and make pure red blood. Pale, haggard faces show that the blood is poor and thin, and also indicates imperfect digestion. VINOL will correct such troubles as sure as the sun shines. Children love VINOL, it is so delicious. Try it on our guarantee.

Bronchitis—Sore Lungs often end fatally unless specially cared for in its early stages. There is no medicine more valuable for restoring health to the throat and lungs than VINOL. Try it on our guarantee.

Nervousness—Irritability. Diseased nerves are due to over-work, insufficient nourishment or slow breaking down of general health. We guarantee VINOL to permanently and effectually remove nerve affections; it actually rebuilds the entire body. Try it on our guarantee.

Chronic Colds—Hacking Cough. Sure signs of danger ahead. One might as well commit suicide as to let them go unchecked. VINOL is the very medicine needed. Unlike other Cod Liver preparations, it does not upset the stomach, and is delicious to the taste. Try it on our guarantee.

Nursing Mothers—Weak Mothers. If women with nursing babies who have difficulty in keeping up their health and strength would take VINOL, we know positively that the best results would be obtained. You know the life and future development of the child depends upon proper nourishment.

We stake **our reputation** on this offer being genuine. You will absolutely be under no obligation to us whatever, if after you have given VINOL a fair trial for any of the above ailments and have not received any benefit; you have only to tell us so, and we will return the entire amount of money you have paid us.

You see **our faith** in VINOL, and you must admit that we know something about medicine; therefore, when we tell you that VINOL is the most valuable Cod Liver preparation we have ever known, and a wonderful tonic-reconstructor and rebuilder of strength, appetite and health, at the same time delicious to taste, we are not unreasonable to expect you to believe us.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Sultan Getting Ready to Yield.

Constantinople, Nov. 22.—The frequent and prolonged conferences of the council of ministers at the Yildiz palace are believed to indicate preparations to yield in principle to the demand of the powers for the acceptance of the final reforms decided upon for Macedonia. Probably, however, the Turkish government will make further attempts to secure modifications of the plans before definitely acceding the full program. The arrival of the international fleet at Pierasecus is likely to hasten the Turkish decision. The Russian fleet has returned to Sebastopol from a short cruise in the Black sea.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

SHAW REMAINS IN CABINET.

Secretary of Treasury Will Not Retire For Some Time.

Washington, Nov. 21.—Secretary Shaw will remain as secretary of the treasury in President Roosevelt's cabinet until the conclusion of the approaching session of congress, and, perhaps, for several months longer.

It has been understood in a tentative way that Secretary Shaw intended retiring from the cabinet after the first of February, if, indeed, he should not concluded to relinquish his official duties before that time. He himself was the authority for this statement. It was understood generally that he desired to leave the cabinet with a view to greater freedom in promoting his candidacy for the Republican presidential nomination in 1898, although the secretary himself never announced his intention to be a candidate.

President Roosevelt and Secretary Shaw had a conference last February, in the course of which the secretary consented to remain at the head of the treasury department for another year, by which time he would have completed a full four years' term in the office. It was subsequently to this conference that Secretary Shaw let it be understood that he expeced to retire from official life next February.

Patrick Wants a New Trial.

Albany, N. Y., Nov. 22.—Another phase of the Patrick case came before the court of appeals when the attorneys of the man who stands condemned for the murder of William M. Rice, asked certain technical rulings which will facilitate their appeal to the supreme court of the United States. The order upon which the argument was based directed the district attorney of New York to show cause why the remittur of the case should not be amended to show that the court of appeals had denied the defendant's contention that his conviction violated the federal amendment in that it deprived him of life and liberty without due process of law. The court reserved decision.

"I SUFFERED GREATLY," writes Mrs. L. E. Clevenger, of Belleview, N. C., "at my monthly periods, all my life, but the first bottle of Cardui gave me wonderful relief, and now I am in better health than I have been for a long time."

To Regulate Railroad Rates.

Washington, Nov. 22.—The senate committee on interstate commerce will meet today to begin the consideration of legislation relating to regulation of legislation relating to the regulation or railway rates. Some of the members of the committees will not be present, being delayed by ill health or business engagements. The meeting of the committee, two weeks in advance of the opening of congress is to consider the testimony taken last spring and also the additional data which has been gathered by experts since the committee ceased its hearings.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Accidentally Killed in Scuffle.

Nashville, Tenn., Nov. 22.—Two students while engaged in a playful scuffle at the Southwestern Presbyterian university at Jackson, Tenn., fell over a banister to the flood below. Hugh G. Ryalls was almost instantly killed by the fall and Warner Blackard, with whom he was scuffling, was painfully but not seriously hurt. Both of the young men were sons of preachers, the dead man being a resident of Jackson and Blackard lives at Paris.

THE LOST ARTS.

Many Abandoned Because New Knowledge Makes Them Useless.

Not as much as we used to, but occasionally even yet, one hears of some wonder accomplished by the ancients which cannot be done now.

Not so many years ago it was quite commonly asserted that modern workmen could not quarry or, having quarried, could not handle stones as large as the monoliths of Egypt, and the writer has heard a public speaker of note assert that it would be impossible to handle with modern implements such large stones as were used in the pyramids or to join them as perfectly as they are joined there. Yet, when occasion arose, larger stones than any of the larger monoliths themselves were transported not only to the sea, but across it, and erected in England, France and America, and there are individuals today who might, if they chose, cause the transportation to and erection in this country of the largest pyramids or build new ones ten times larger and more durable. Pyramids are not being generally built nowadays because they are not in line with the trend of modern ambition; that's all.

It is very doubtful if a "Damascus blade" would stand half as severe usage as a modern band saw blade or even as much as the spring of a forty cent clock, while the ornamentations of those wondrous blades, so far as the mechanical execution is concerned, can be excelled by apprentices and amateurs of today.

Of the "lost art" of hardening copper little is heard of late years, though one occasionally hears a wiseling from the wilds wish that he knew how to do it as well as the ancients, and while it is perhaps regrettable that he doesn't his ignorance is his own fault.

Many arts and devices have been abandoned because new knowledge has made them useless, and time spent in rediscovering them would be worse than wasted. The modern youth had much better spend his time studying the art of his contemporaries than that which is "lost."—Scientific American.

DON'T GET RUSTY.

Keep Your Moral, Mental and Physical Machinery Working.

The machine that lies idle is far more liable to injury than the machine that runs.

Air and dampness do more damage than wear and tear. Let the machine remain inactive awhile, and the coating formed by the corrosion soon covers the bright metal and the parts become stiff and cranky.

A man neglects the working parts of his body. Normally these parts should be exercised. He indulges his members in idleness. Whatever vitality and working force they may have had when in continued use, neglect causes the machinery to run stiffly. It is the rust.

A man may neglect to exercise his working brain forces. He may have ever so quick a mind, but if he does not use his mental machinery the rust of idleness is soon over it.

A man may neglect to use the moral forces that are in him. There is a weakening somewhere. The machine lets down. And soon the parts are rusted.

When the primary or the convention or the ballot box, working parts of government, are neglected the rust collects. The machinery works poorly. It may break down.

Keep your body working without friction by systematic exercise.

Keep your mind bright by using it.

Keep your soul clean by working it.

And so for society nine-tenths of its evils are caused by the idleness of its necessary working parts.—Chicago Journal.

A Shoe That Altered History.

After the fall of Anne Boleyn the pope prepared overtures of reconciliation so favorable to King Henry VIII. that he determined to accept them. A representative was sent from Rome with the dispatches, and when within a day's journey from Calais his horse cast a shoe and fell lame. As it was a favorite, the messenger determined to wait a day that the poor animal might rest and recover. Next day the journey was resumed, but on the day that London was reached Henry had been married to Jane Seymour, a Protestant, Anne had been beheaded, and all hope of reconciliation with the papacy was at an end. The cast shoe had thus changed the bent of English church history.

A Decided Opinion.

"I was in a railroad accident once," said a bishop, and I was helping an elderly lady from our wrecked car. Behind us came a noble looking English lady with her husband by her side.

"She was scolding him well for starting on their journey on Friday. 'I told you, James,' she said, 'something would happen if we should start on a Friday.'

"'Madam,' said I, 'do you know that Columbus set sail to discover America on Friday?'

"She looked at me with indignation and said, 'Sir, in my opinion it is a great pity America was ever discovered at all.'"

AN OLD TIME OUTING.

One With Which Samuel Pepys Was Very Much Pleased.

Samuel Pepys describes a seventeenth century Sunday outing, and the tale has a very modern ring to it. "Lord's day," he writes, "up, and my wife, a little before 4, to make us ready." And here he records his annoyance that "she was so long about it." Pepys then goes on: "She ready and taking some bottles of wine and beer and cold fowle with us." Coach and four horses from London to Epsom, where they arrived at 8 o'clock, drank the waters, ordered dinner, ate it. "A good dinner and were merry." After dinner, "the day being wonderful hot, to sleep."

Then followed a coach to "take the ayre," a shepherd with a little boy reading the Bible "with the forced tone that children do usually read that was mighty pretty." The shepherd "did bless God" for that boy. In Epsom town a "poor woman with her milk pail" and "did drink our bellyfulls of milk." Then to the coach, it being about 7 at night.

So pleased was Pepys with his day's results that he records his resolution, "Never to keep a country house, but to keep a coach and with my wife on a Saturday to go sometimes for a day to this place and then quit to another place, and there is more variety and as little charge and no trouble as there is in a country house."

FLAG ETIQUETTE.

Rules That Govern the Display of the National Emblem.

The government regulations provide that on the death of a president in office its flag shall be displayed at half mast only one day.

In memory of the soldiers who lost their lives during the civil war, on May 30, Memorial day, each year the United States displays its flag at half staff at all army posts, stations and national cemeteries from sunrise until midday. Immediately before noon a dirge is played by the band or field music, and the national salute of twenty-one guns is fired. At the conclusion of this memorial tribute at noon the flag is hoisted to the top of the staff and remains there until sunset. The idea is that the national ensign is too sacred an object to be long in mourning for any man or number of men, no matter how exalted their rank.

The flag reversed, with the union down, indicates distress. The flag on anything but a fort actually besieged should never be displayed between sunset and sunrise.

When the flag is to be displayed at half mast it is lowered to that position from the top of the staff. It is hoisted to the top before it is finally lowered.—Washington Post.

THE FIRST CIGARS.

Havanas Were Smoked In Paris as Long Ago as 1813.

When were cigars first smoked? According to a French authority, the weed in this shape was not introduced into France till the return of the French army from Spain in 1823. This fact is on the authority of Hippolyte Auger, the dramatic author, who writes thus in his memoirs:

"Our return from Paris was by way of Orleans. On the route we met quite frequently officers returning from Spain. They had generally cigars in their mouths—a new habit, since become general. From this point of view the campaign of 1823 had the good financial result of establishing a new branch of import trade."

Another document, however, carries back the use of the cigar to a slightly earlier period. The "Hermit of the Chaussee d'Antin," 1813, going to see his nephew, a young officer at Paris, finds him at his hotel in morning costume and smoking a Havana cigar. The taste for cigars seems at this time to have been sufficiently extended to make them a common article in the stock of every grocer who was careful to cater to the wants of his customers.

Working the Old Man.

"Do you think her father will give his consent?

"Sure! I've been playing poker with him once a week for the last six months and letting him win. He'll feel like he has been offered a pension when I ask him."—Houston Post.

GAVE REPUBLICANS $10,000 PER YEAR

Life Insurance Companies Were Regular Contributors.

SENATOR PLATT ON THE STAND

United States Senator From New York Makes a Sensational Statement Before Insurance Investigation Committee—Big Three All Contributed.

New York, Nov. 22.—United States Senator Thomas C. Platt testified as a witness before the insurance investigation committee today. Senator Platt said that the Equitable society contributed $10,000,000 a year to the Republican state campaign fund. Senator Platt said that the contributions were in cash and were sent by messenger to his office and he turned them over to the state committee. They were unsolicited, he said.

Senator Platt said that $10,000 was frequently paid as an annual contribution to the state campaign fund, but that it was not a regular thing and that he could not remember the years in which it was paid. The New York Life Insurance company, he said, also contributed but not nearly so much.

No other insurance companies contributed so far as he knew. Senator Platt said he was expected in return for the contributions to influence legislation when any measures were hostile to the insurance companies. He added that he does not know Andrew Hamilton nor anything about Hamilton's activity before the legislature. He knew nothing about Andrew C. Fields, who represented the Mutual Life Insurance company at Albany.

Senator Platt said also that he had received frequent contributions of $10,000 from the Mutual Life Insurance company.

PLAN TO ASSASSINATE PALMA.

Arms and Ammunition Found Secreted Near His Palace.

Havana, Nov. 22—Evidence obtained by the committee which is investigating the discovery by secret police Saturday last of a considerable quantity of arms, ammunition and accoutrements in a house in the Cerro suburb is tending to implicate a few men of some prominence. The government has no doubt that the materials came from the United States, and it is seeking to learn who were the purchasers.

Government officials admit now that they have received various secret advices regarding contemplated uprisings before election day in various parts of the island, particularly in the provinces of Santiago, Sanuta Clara and Pinar del Rio, with a probable attack on the palace in Havana. The object of the latter, according to the officials, appears to be the removal, possibly by assassination of President Palma. The plotters, it is pointed out, are well aware, since there is now no vice president, that the election of President Palma's successor would, according to the constitution, be in the hands of congress, and that the liberals, with the help of a few independents, could control both houses.

Sixteen Men Are Drowned.

Clarks Harbor, N. S., Nov. 22.—The Norwegian steamer Turbin, with her captain and crew of about sixteen men is thought to have foundered in a terrific gale which swept over Nova Scotia last Friday. The coasting steamer Edna R. which arrived here today from Mod island, brought news that on Friday, about 5 p. m. a large steamer, supposed to be the Turbin, struck Black Rock ledge, off the south coast of the province, backed off in a few minutes and then disappeared in the raging sea.

Killed in Auto Accident.

Atlantic City, N. J., Nov. 22.—C. W. Greenwald, who was injured in the wreck of the Everard automobile on the Vetner Speedway last night, died today. William Williams and Isaac Bennett, who were hurt in the crash, are recovering.

EXPENSIVE DENTAL WORK.

Prince Louis Is Charged an Enormous Sum by New York Dentist.

New York, Nov. 22.—Prince Louis' strenuous life in American included several extra strenuous hours in a dentist's chair and that particular part of his progrom proved costly.

The total time spent with the dentist was five hours, according to a friend of the prince, and the bill was $1,000. When the bill was presented the prince said nothing but gave his check for the amount. Later in the day, however, he showed the receipt to his friend, Colonel Robert M. Thompson, who declared that it was pretty steep even for a New York dentist.

"The prince paid the bill as soon as it was presented," said Colonel Thompson last night, "and the matter would have ended there had I not seen the amount charged. I told the prince what I thought about it and his British sense of fair play caused him to make a protest. A bill as presented was not itemized, and the prince at my suggestion wrote the dentist asking that an intemized bill be sent to Sir Percy Sanderson, the British consul general. All further action will be in Sir Percy's hands. The work done by the dentist consisted in filling four teeth and putting in an artificial one. The dentist who did the work was not at home to visitors last night. Earlier in the day he is reported to have declined to discuss the matter beyond saying that a bill had been presented and paid.

CHINESE BOYCOTT A MENACE.

American Interests in Orient Will Suffer Greatly Unless Stopped.

Berkeley, Calif., Nov. 22.—Horace Davis, a former president of the state university and prominently connected with the Pacific coast trade with the Orient, declared today in a lecture on that subject before the college of commerce, a branch of the University, the boycott on American goods in China, to be a menace to American interests in the Orient, creating a situation so serious that the Chinese government finds itself powerless to control it. The untoward condition he attributed to the harsh administration of the American exclusive law.

Speaking of the possibilities of the trade with China alone, he said:

"The Chinese now have a foreign commerce amounting to about $1.25 a head per year. Japan has a forty-year developed in commerce, running from nothing to about $5.50 per persons a year or about $260,000,000 per year altogether. If China can be made to develop such a trade as this in the same trade, it would amount to about $250,000,000. Now China's foreign commerce is $323,000,000. What this great growth would mean to all the countries taking part in supplying needs can easily be understood. If China could ever be made to develop a foreign commerce equalling per capita the commerce of this country, it would amount to the stupendous total of $13,000,000,000 a year, an amount almost inconceivable.

Want Treaty With San Domingo.

New York, Nov. 22.—The foreign creditors of the Dominican government have, through their counsel, ex-Judge William Cohen, of this city, advised the state department at Washington that they favor the passage of the treaty with Santo Domingo. Judge Cohen called on Secretary Root recently to express the preference of his clients, who are the British, French and Belgian creditors, for the treaty which means a guarantee of a settlement of their claims, which amount to about $4,500,000. These creditors, however, it is said, are not using any means to aid in the ratification of the treaty by the senate at the coming legislative session.

Woman Arrested for Murder.

Presique Isle, Me., Nov. 22.—Mrs. Isaac Barnes was arrested yesterday charged with murder. It is alleged that she placed strychnine in Epsom salts, thereby causing the death of Pearl Barnes, her 13-year-old stepdaughter. Mr. and Mrs. Barnes had been separated for several months, and the abortive medicine in the poison was intended for Barnes.

EIGHT HOUR WORK DAY IS ENDORSED

American Federation of Labor Assists Union Printers.

GIVE MORAL AND FINANCIAL AID

Delegates to Annual Labor Meeting Have Warm Discussion Over the Socialistic Idea of Government—Hot Speeches from Both Sides.

Pittsburg, Nov. 22.—At the morning session of the American Federation of Labor Frank K. Foster, of Boston, secretary of the committee on President Gomper's report, read a supplementary report. The matter of the eight-hour day for the union printers was endorsed and the executive council in giving the printers moral aid and financial support, was commended.

The council was instructed to continue their aid to the printers if it is necessary after Jan. 1, 1906. The committee reported that the eight-hour day for printers is in force in 268 cities and towns in this country and Canada. An assessment of 4 cents a member was ordered by the Federation to aid the printers in their contest.

This assessment is expected to yield $80,000. The 50-cent assessment made by the International Typographical union has been indorsed by that body by a vote of 25,948 to 6,334.

Delegate Johannsen, of Calcago, made a severe attack on the industrial workers of the world, characterizing them as enemies of free speech and free government. He resented the imputation that the American Federation of Labor was the American Federation of "grafters," as the industrial workers of the world called the federation.

Delegate Goldstein, of Boston, followed the speaker, with a drastric address in which he condemned the Socialists for their inconsistency and ill timed attack on the federation of labor and the officers.

Victor L. Berger, of Milwaukee, replied to the two addresses and in a witty speech said the socialists "numbering 10,000,000 in this country, were the night-watchers of the American Federation of Labor."

Max S. Hayes, of Cleveland, O., one of the champions of socialism, followed with a hot speech, defending the socialist party.

EX-GOV. BLACK RETAINED.

Hearst Forces Will Fight For Recount in New York.

New York, Nov. 22.—Clarence J. Shearn, personal counsel of W. R. Hearst announced last night that ex-Governor Frank S. Black had been retained to take charge of the criminal end of the litigation which has grown out of Mr. Hearst's mayoralty contest.

Mr. Black will take hold at once and will work in co-operation with Attorney General Mayor. Mr. Shearn indicated that the ex-Governor might act as a special attorney general to follow up the important line of investigation which has developed within the last two o rthree days.

Mr. Shearn announced that application would be made today for an order for the opening of the ballot boxes. The Hearst lawyers last night had not termined whether to ask for the opening of only one ballot box at first—as a test—make application at the same time for the opening of the ballot boxes from a number of election districts in which they allege evidences of fraud have been discovered.

Thrilling Experience of Steamer.

Vigo, Spain, Nov. 22.—The Spanish steamer Octubre, from Marseilles, bound to Rotterdam, had a thrilling experience during the recent storm. Seas washed over the vessel, her machinery broke down and she drifted helpless for four days. When hope had been abandoned the Octubere was sighted by the British steamer Almagro, which finally, with difficulty, rescued the entire crew, number 25 men. The coast in this vicinity is strewn with wreckage.

FEMALE EXPLORER RETURNS.

Widow Takes Up Work of Husband and Completes Exploration.

Quebec, Nov. 22.—After a rather rough and stormy passage in the gulf and river St. Lawrence, the coasting steamer King Edward arrived here last night from Chateau bay in the straits of Belle Isel having on board among her passengers Mrs. Hubbard, widow of the ill-fated Leonidas Hubbard, who lost his life in endeavoring to explore the wilds of Labrador peninsula. Mrs. Hubbard is accompanied by George Elsen, the Montagnas Indian guide, who was with her husband during his unlucky expedition. She left here for Montreal on her way to New York, where she will arrive today.

When questioned about her expedition she said that she had succeeded in her object; that she had followed the route taken by her husband from the coast to the point where she had met his death from exposure and starvation; that she had found where he had divirged from his route and lost his way, and that she had cleared up some important points in regard to the headquarters of the Northwest river, which flows into Lake Melville and Hamilton inlet as well as in regard to his leaving Mishikaman, the height of land and the George river, which flows into Ungava bay. She said there was no truth in the report of her search for gold deposits.

Bank Appointed as Receiver.

Pittsburg, Nov. 22.—Upon application of the Dollar Savings Fund and Trust company, of Allegheny, administrator of the estate of Cashier T. Lee Clarke, of the Enterprise National bank, H. S. Calvert was today appointed receiver of the International Aluminum company. The company by its president, Frank C. Harper, joined in the prayer for a receiver. Clarke's estate is the owner of 52 per cent of the capital stock. He was president and for a long time treasurer. The capital stock is $50,000; assets $24,640 and liabilities not including the captial stock $6,500. The company was engaged in mining at Rome, Ga.

Man Cannot Be Identified.

Birmingham, Ala., Nov. 22.—All efforts so far have failed to identify a man who has been found at East lake, six miles from Birmingham, and who is undoubtedly insane. The man seems likely to prove a seven days wonder to the residents there, although he has been brought here and lodged in the county jail for safekeeping. It is thought that he is either an escape from the Tuscaloosa insane asylum or one to the north of here, the latter being founded upon frequent remarks made by him about "going back to Tennessee."

Iron Workers' Union Suspended.

New York, Nov. 22.—The building trades employers' association suspended the structural iron workers' union yesterday. There will be another meeting today to decide whether to start the open shop plan so far as this union is concersed. This action is necessary, say the employers, as the strike of the iron workers has stopped fifty buildings in the course of construction in the city, and unless the work is rushed through while the weather is not too cold, the buildings will be delayed months beyond the schedule time for completion.

Railway Mail Service Man Dies.

Cincinnati, O., Nov. 22.—Word was received here today of the death of Orlando T. Holloway, superintendent of the railway mail service for the fifth division, at his sister's home at Leesdale, Pa., last night. He has been in the railway mail service for 24 years, being promoted steadily, and for the past eight years was superintendent of his division.

Chicago Jews Contribute $60,000.

Chicago, Nov. 22.—M. E. Greenbaum, the treasurer of the Jewish Relief association committee sent a check for $10,000 to Jacob Schieff, of New York yesterday, making $60,000 that has been forwarded from Chicago for the alleviation of the suffering of the Russian Jews.

MORE MONEY NEEDED BY POSTAL SERVICE

Postmaster General Cortelyou Makes Annual Report.

LARGE DEFICIT FOR FISCAL YEAR

Owing to the Increased Facilities Demanded by Rural Free Delivery, It Is Necessary to Have More Money to Carry Out This Part of Service.

Washington, Nov. 22.—Postmaster General Cortelyou recently completed and forwarded to the secretary of the treasury the estimates for the post office department for the fiscal year ending June 30, 1907. They show a reduction of expenses wherever it is believed it will not impair the service, but provisions for a development of postal facilities to meet the growing needs of all sections of the country.

The estimates for the postal service at large—the field service—aggregate $193,000,000, an increase over lasts year's appropriation of about $12,000,000. This increase represents the normal growth of the service based on what the postal authorities regard as the most careful and conservative estimates. Each succeeding year sees a large increased business of the department. The principal items in the increase are the rural delivery service, railway mail service, compensation to postmasters of their clerks and the compensation of letter carriers.

For the maintenance of the rural delivery and the expension over $79,000,000 will be required. This is an increase of $3,500,000 over the appropriation for the current year which in turn is over $5,000,000 more than that of last year, so that the present estimate is $1,400,000 more than that of last year, so that the present estimate is $1,400,000 less than the increase of the present over the preceding year. That the extension of the pneumatic to the service is contemplated is shown by the fact that the estimate carries $322,000 more than the current appropriation. The deficit for the fiscal year ended June 30, 1905, was $14,572,584.

This amount, the difference between the expenditures and the revenues of the department, it is officially announced, "may be said to represent the actual cost of the postal service to the people. If recent calculations are as accurate as they have been frequently in the past, they afford good reason for believing that the deficit for the year ending June 30, 1906, will be considerably less. It is an interesting fact that the total revenue for the fiscal year of 1905 exceeded the total expenditures for the fiscal year 1904 by nearly $500,000.

COAST LINE ELECTS PRESIDENT.

New Executive Commenced Work on a Salary of $75 Per Month.

Richmond, Va., Nov 22.—The annual meeting of stockholders of the Atlantic Coast Line today elected T. M. Emerson, of Wilmington, N. C., President, vice R. G. Wynn, resigned. Mr. Emerson was formerly fourth vice president and traffic manager. He succeeded Mr. Erwin on the board of directors. All the other officers were re-elected.

Alex Hampton, formerly second vice president was promoted to first vice president. C. S. Gadsden was promoted from third to second vice president. J. R. Kenly was made third vice president. A dividend of three per cent was declared on the stock, placing it on a six instead of a five per cent basis.

The annual report showed an increase in mileage, gross and net receipts. President Emerson started with the road as a clerk in the freight offices in Wilmington, N. C., at a salary of $75 per month.

Admiral Train at Manila.

Manila, Nov. 22.—Rear Admiral Train, on board the flagship, the battleship Ohio and accompanied by the battleship Oregon, arrived at Cavite this morning from ports on the China coast.

REV. SAM SMALL'S UNIQUE LECTURE

Delivered at the Opera House on Last Sunday Evening.

"HIS MAJESTY, THE DEVIL."

A Brilliant and Forceful Account of the Methods Employed by His Majesty. A Large and Attentive Audience Was Present—Frequent Applause.

From Tuesday's Daily Sun.

The audience at the opera house on Sunday evening to hear Rev. Sam Small's famous lecture on "His Majesty, The Devil," overflowed the house capacity and filled the adjacent hallway. It was a cultured and expectant assemblage, and that it enjoyed the unique discourse of the noted evangelist and orator was testified by frequent applause.

The speaker was introduced by Rev. T. J. Nixon of Kavanaugh Methodist Church, and entered at once upon his discourse. It is a production that shows the large research and the extended human experiences of the lecturer.

Mr. Small believes in a real Devil—a Great fallen angel of spiritual nature and powers—who is active in malignant labor for the debauchment of humanity. His delineation of how the Devil came to being and how he operates to obtain psychic power over human spirits for evil purposes is a thrilling and convincing recital. His analysis of the philosophy and processes of Satan is an exposition of scriptual truths that is wonderfully interesting and has charmed and informed hundreds of thousands of people all over this country.

Mr. Small is a majestic speaker, with a humor either delicate or broad, as the occasion requires, and many of his most salient views are enforced by witticisms that are chaste and apropos.

Those who heard the lecture were delighted beyond measure and sorry that the seventy minutes of the address were such short ones.

Mr. Small spoke again last evening at Kavanaugh Methodist Church, and will be heard there again tonight at 7:30 o'clock on "The Three Cardinal Sins."

His audiences are greater than the halls and churches where he appears.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Capt. J. N. Strobhar.

A dispatch from Ottawa, Ont., states that James N. Strobhar, former joint agent of the Atlantic Coast Line and Florida Southern railways in this city, had been arrested at Montreal, P. Q., on the charge of appropriating $7,500 of the funds of the companies.

The auditors, after examining the books, claim that the shortage will amount to $40,000. He was bonded in the American Surety Company of New York, which caused his arrest.

It is reported here that the warrants were sworn out in Georgia, where it is understood all the checks are said to have been cashed.

LECTURE ON MARTIN LUTHER.

Delivered by Rev. F. A. Holtzhausen at the Presbyterian Church.

The lecture on "Dr. Martin Luther, the Hero of Heroes," delivered at the First Presbyterian Church last Sunday evening by the Rev. F. A. Holtzhausen, was attentively listened to by a large congregation.

Mr. Holtzhauzen believes that there is great need in our times of the Gospel as interpreted and illustrated by reformation history. He considers the great religious revival of the sixteenth century one of three great epochs of the Church, ranking it with Israel's deliverance from Egyptian bondage and the advent of Jesus Christ. We can rightly understand and appreciate the blessings, opportunities and institutions of the modern world only by knowing the issues raised and settled by the reformation.

Martin Luther was set forth as the chief embodiment and foremost champion of this great movement. After mentioning the facts of the reformer's childhood and youth, of his conversion, deep religious experience and entrance into the priesthood, the lecturer led his audience into Luther's great work.

Beginning with the posting of the thesis against indulgences and continuing in the description of Luther's controversies, his bold act of defiance of the dreaded power of ex communication in the public burning of the papal bull; of his conflicts with the ecclesiastical and civil authorities, he showed how the great principles of justification by faith of the sole authority of the Bible in all religious matters and of the liberty of conscience from all human domination were established. And the lecture concluded with an appeal to hold fast and work out more fully the blessings of the reformation.

Mr. Holtzhausen is full of inspiration in his theme and speaks with all the conviction and earnestness of man who believes that he has a message from God to deliver to his fellow-men.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavensworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

AN ELABORATE RECEPTION.

At Which One of Gainesville's Young Ladies Was Guest of Honor.

The Tampa Tribune of Sunday has the following in its "Social Event" department:

"This week, which has been so delightfully gay for the society crowd, was brought to a charming close yesterday afternoon by a reception given by Mrs. M. Wooldridge, complimentary to Miss Lucile Colclough of Gainesville and Mrs. G. Young McRee of Valdosta, Ga. The door was opened by Master Edward Valentine and the guests met in the hall by Mrs. Wooldridge and Mrs. Peter O. Knight. In the receiving line stood Miss Wooldridge, Miss Colclough and three of last June's lovely brides, Mrs. McRee, Mrs. Hunter Henderson and Mrs. B. Ainesworth. Assisting with their graciousness and charm of manner to entertain the callers were Misses Fannie Ball, Mary Lee Douglass, Mary Carnes and Helen Warner. In the dining room a delicious salad course was served by Mesdames A. A. Martinez, Melville Gibbons, Monroe Fleming, W. Valentine, Sanford Allen and Y. R. Beazely. In the cozy red punch room Misses Lila Carnes and Eleanor Murdoch presided over a bowl of refreshing beverage. This is the first occasion that friends have been entertained in Mrs. Wooldridge's charming new home and the reception suite was bright and attractive with vases of American Beauties, and for three hours the walls resounded with the lively exchange of greetings, and the conversation of the numbers of visitors. Miss Colclough is one of Gainesville's most popular society girls and will be one of Tampa's most attractive guests during the Fair. Mrs. McRee has hosts of friends here, who wish only for her happiness, and selfishly regret that circumstances have caused her to change her home from Tampa to Valdosta."

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

SUCCESSFUL TIGER RAID YESTERDAY

Six Men Brought Up and Proven to be the Real Thing.

ALL OF THEM FOUND GUILTY

Bryant is Found Guilty of Cattle Stealing—The Holloway-Sheats Libel Suit is on the Calendar for Tuesday. Business is Being Rushed.

From Tuesday's Daily Sun.

The circuit court convened at 9 a. m. Monday, Judge Wills presiding.

The jury for the week is as follows: John Osteen, W. A. Hudson, M. E. Bauknight, C. A. Bryan, J. T. Richard, R. C. Philpot, D. J. Roland, F. T. Baker, J. M. Manning, M. E. Jolly, J. B. Dell, T. H. Cato.

There were a number of cases for illegal selling of intoxicating drinks disposed of and the following were convicted: John Shedd, Jerry Carter, Dan Edwards, Will Brown, Judge Knight and John Holmes.

Amaziah Bryant was tried on two different charges for stealing cattle and convicted in both cases.

It is possible that the Holloway-Sheats case may come on for trial today, although it may be settled out of court.

The session of the court is proving a rapid one and the cases are disposed of with much despatch. The court room was well-filled with spectators in the afternoon.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

A Delightful Evening Party.

Mr. and Mrs. McCollum very pleasantly entertained a number of their friends Monday evening at their pleasant home, 302 North Oak avenue, to a most exquisitely delightful and daintily prepared game supper, followed by a charming plan of evening enjoyment, consisting of music by Mrs. J. F. Pixton and varied amusements by Miss Rouse.

The event was made more pleasing to all by the lavish display of tastefully blended decorations of the rooms, and those present to enjoy the occasion were Mr. and Mrs. W. E. Dow, Dr. and Mrs. J. F. McKinstry, Jr., Mrs. C. A. Nichols, Miss Rouse of Ohio, Miss Rogers of St. Petersburg and Miss Cora Lyon.

Services will be held in Trinity church on December 10th, at the usual hour, by Rev. L. E. Goodwin of Starke.

W. H. McMillican of Demorest, Ga., has bought an interest in the Melrose Manufacturing Company, and expects to move his family here shortly

The Melrose navy is feeling very proud of its very handsome new addition by the arrival of H. W. Hamlyn's fine motor launch, "Effie," from the Michigan Steel Boat Company, Detroit, Mich. The boat is a perfect beauty and is the largest launch on the lake, measuring 27 feet by 6½ feet beam. She is equipped with a 4½ horse power engine and guaranteed to run 10 knots per hour. A canopy top affords protection from the weather. With the large naval jack and long pennant flying the "Effie" presents a most beautiful sight on the lake and will afford a great deal of pleasure to her owner and friends.

A. T. Hinnant and Miss E. A. Taylor were married on Sunday afternoon by H. von Noeszky, justice of the peace.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

COTTON ADVANCES FIVE DOLLARS BALE

7,490,367 Bales Ginned Up to Nov. 14 of This Year's Growth

AGAINST 9,786,600 LAST YEAR

Wild Scenes on New York Cotton Exchange When Report Was Made Public at 2 p. m., the Price Advancing 100 Points in Ten Minutes.

Special to The Daily Sun

New York, Nov 21.—One of the wildest scenes ever witnessed on the New York Cotton Exchange occurred today upon the reading of the Government report showing the number of bales ginned of the present year's growth to be only 7,490,367 bales up to November 14th, whereas those interested in keeping down the price of the staple had predicted that the report would show exceeding eight million. As soon as the report was read the bears scrambled to cover their short contracts, while the bulls tore each others' clothes in their wild efforts to get into the market before the price advanced too high. Just before the reading of the report May cotton ruled at 10.87 and in a few moments the delivery was up to 11.95.

Strange to say the Government report made public today shows only 89,000 more bales ginned than the report of the National Ginners' Association, whereas two weeks ago the difference between the two reports was nearly half a million. The Government report today shows 2,386,235 bales less ginned this season than up to the same date last year and those who have made a study of the crop declare this is conclusive proof that this year's crop will not exceed ten million bales. The closing session of the exchange was excited, May cotton ruling firm at 11.74.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhœa than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

SPECIAL AND AUCTION SALES.

Some of the Opportunities Offered People Hunting Bargains.

Many of the merchants of Gainesville are educating the purchasing public up to the fact that they can save many dollars by watching the advertising columns of The Sun and improving the opportunities afforded them by these merchants to purchase seasonable goods at reduced prices.

Some of the wise ones will say that the goods so offered are from old stock or nothing but trash that they desire to work off on the unwary. But this is not the fact, as our merchants often get overloaded with goods and to reduce stock inaugurate these cut-price sales.

Among the dealers who are always giving these sales we note that Phifer Bros. of the New York Racket are among the leaders. They not only offer bargains with goods marked down, but on Wednesday last inaugurated an auction sale which will be a feature of their special days from time to time, where the people can buy at their own price, and if you would be on the alert for all these chances, watch our advertising columns.

As The Sun goes to upwards of 2,000 people in the county, it is plain to see that the merchant who takes advantage of its columns uses the best and cheapest method in advertising these events.

The growth of Gainesville may not be so rapid as many other cities in Florida, but is as substantial.

Rev. Sam Small says that "man was made lower than the angels," as he was made down here. The Rev. Sam generally makes statements that he can prove.

A strong petition will be presented to Governor Broward to have him appoint Miss Nellie Myrick of Jacksonville county superintendent of public instruction for Duval, in place of Prof. Elzey, resigned.

The United, States Supreme Court has decided that a wife can sue gamblers for money lost by her husband, which decision upholds Ohio's anti-gambling law. That ought to hold the boys in check a little.

Florida is a great State for politics. We haven't got settled up with the old administrations of Governors Bloxham and Jennings before we have candidates bobbing up for the executive chair that Governor Broward has hardly had time to get warm.

Cunliffe, who swiped the $101,000 from the express company in Pittsburg, gets six years in the penitentiary. He will have time to study where he hid the part of the funds the detectives failed to find, so as to have something to start with when he comes out.

There is only one argument in favor of retaining the present officers of the large insurance companies now in office. They are pretty well fixed now and would not drain the treasury as much as new officers who would think it their duty to line their pockets with the company money.

By the provisions of the Buckman bill the State Board of Education has been enabled to appropriate $125,000 more to the public schools; yet some people say that the new law has not been of benefit to the State school system. With as high grades in the village schools as in the large cities, don't the people enjoy the benefits of the new law all over the State?

Finland, which has won freedom from the Czar, has an area of 142,000 square miles and a population of 2,700,000. Finland was under Swedish rule for 500 years. By the treaty of Frederickshamn in 1809 the country was ceded to Russia, but it retained its own system of home rule until in 1898 when the Czar began his policy of repression. The leading export for years has been lumber. In 1900 the value of this export was $22,180,000. The population is overwhelmingly Lutheran in religion.

The National Grange, in session at Atlantic City, N. J., Saturday, by a standing vote adopted a resolution which was ordered sent to President Roosevelt stating that the farmers of this country want neither more nor less than a square deal. The resolution says: "We unanimously and heartily endorse the manly efforts of President Roosevelt to secure equal opportunity of the individual and common people against the arrogant power of aggregate wealth. Irrespective of party, we pledge ourselves to support his efforts."

THE BUCKMAN BILL.

If there was ever a measure of which it can be truthfully said that it was "cussed" and discussed it is the Buckman bill. Again it is receiving the attention of the State press and it seems certain that its constitutionality will be tested.

The Record was opposed to the passage of the bill when it came before the Legislature as a radical measure. The conditions of Florida's educational facilities were not known to us at that time and this paper was in other hands.

The consolidation of the various educational institutions throughout the State seemed necessary. There is hardly a paper in the State that will not grant that such an action was necessary, but The Record with others considered the time for such action inopportune. A measure of such far-reaching effect should have been considered more maturely and should have been given the consideration of the people of the State. Instead of such action the bill was railroaded through the Legislature.

The time for a discussion of the merits of the measure is now gone and any discussion of it is futile. The sectional prejudice and sectional interest that is so difficult to rise above has now died with the passing of intervening time and the matter can now receive saner and more wholesome consideration.

The question now to be considered is whether the measure is constitutional. The constitutionality or the unconstitutionality is not to be decided by any editor in the State and the discussion of this phase of the question will do no more than bring false and sought for notoriety to the editor that wastes his time in so futile a manner.

It is a self-evident fact that if there is ground for the opinion that the measure is unconstitutional that it should be settled by the Supreme Court. The constitution is the supreme law of the State and all measures must be in accordance with it. There is not a citizen of Florida who desires to see a measure in operation that is at variance with the constitution of the State.

Further, if the measure be unconstitutional an injustice is being done the city of Gainesville. Were the University established and then the measure declared unconstitutional a serious problem would confront the Board of Public Instruction and the people of Florida.

For these reasons The Record is of the opinion that any attacks made on the merits of the measure are nonsensical and foolish. For the same reasons we are of the opinion that the bill should be tested and that whatever the result may be that the people of this State should and will abide by it. The discussion of it will end and Florida's educational facilities will again be in a settled condition.—Bartow Record.

THANKSGIVING PROCLAMATION

It is a beautiful and time honored custom which sets apart one day in each year as a day of thanksgiving for the blessings, material and spiritual, which we as a people enjoy. The year now nearing its end has been fruitful in blessings to the people of Florida, the intellectual and moral uplifting of our people is evidenced on every hand and the great material development of the State is observed and commented upon by all thoughtful people; prosperity prevails throughout the length and breadth of the State; labor has had its full employment; commerce has been in such volume as to almost choke the channels of trade; no sickness of an epidemic character has afflicted our people, except in one city, and there its ravages have been light and its progress is now most mercifully stayed; no flood or other great calamity has been visited upon us.

Therefore, following the example of the President of the United States, who has proclaimed the thirtieth day of November as a day of prayer and thanksgiving to Almighty God the Giver of all Good and Precious Gifts,

I, Napoleon B. Broward, Governor of the State of Florida, do hereby proclaim and set apart Thursday, the thirtieth day of November, A. D. 1905, as Thanksgiving Day.

On that day let all our people suspend their usual vocations, and in public and private give thanks to the great Creator for the blessings we have received at His hands; let our grateful hearts express thankfulness in acts of charity and benevolence toward the suffering and needy, the widow and orphan, that these unfortunates may also have cause for thankfulness and rejoicing.

In testimony whereof I have hereunto set my hand and caused to be affixed the great seal of the State of Florida at Tallahassee, the capitol, this the 14th day of November, A. D. 1905.

NAPOLEON B. BROWARD,
Governor.

By the Governor, attest:
H. CLAY CRAWFORD,
Secretary of State.

This space is reserved for H. C. STEVENS, Jeweler of High Springs, Fla.

Mr. Stevens has just moved into new quarters, so that he would have a better chance to show off his stock which he is continuously increasing, and will have one of the finest lines of Xmas Goods that has ever been seen in this part of the State. He expects now to have his Fall Opening on the 28th and 29th of this month, and will be glad to have every one come in and see the pretty goods.

Watch for his ad. next week.

SEA ISLAND COTTON.

The Savannah Morning News is devoting much space to the Sea Island cotton industry, and on November 14th has an article of much interest on the improvement of this staple, in which it says that it is probable that the growers of Sea Island cotton at their Valdosta convention will have a matter before them of as much importance as that of organizing for the purpose of holding cotton so as to get a better price for it. The matter in question is that of improving the cotton so as to make the demand for it greater.

It is stated that of the 105,000 bales of last year's crop a good many thousands of bales were carried over, because there was no demand for it, notwithstanding the fact that the price was low. The claim is made that the Sea Island cotton of Georgia and Florida is steadily deteriorating, and that it is much less in favor with spinners than it was a few years back. It seems that in some instances Yanovitch, an Egyptian growth, is preferred to it, because the waste is much less, and also because the weight of the bagging is deducted. There was a time when the growers of Sea Island cotton in Georgia and Florida kept up the grade of their cotton by means of fresh seed from the Sea Islands of South Carolina. They can no longer get seed from that source. The planters of the Islands have combined to prevent the Georgia and Florida planters from getting fresh seed from them.

How then can the grade of the cotton be improved? This is a question which the Federal government is undertaking to answer through its experiments at the experiment farm it has established near Blackshear, in this State. On this farm there has been a great deal of experimenting with seed, and the conclusion has been reached that by means of seed selection a much better grade of Sea Island cotton can be grown. Indeed, the opinion is held that the Sea Island cotton planters of Georgia and Florida can make themselves entirely independent of the planters of the Sea Islands by means of seed selection.

It is well known what has been done in the cultivation of corn by means of seed selection. The yield per acre has been greatly increased. The same thing can be done with Sea Island cotton that is grown in this State and in Florida. As a matter of fact the planters in the Sea Islands are very careful in selecting their seed from year to year. It is told that one planter on the Islands, by very careful selection, produces a cotton for which he finds a ready market at 75 cents a pound.

Probably there are planters of Sea Island cotton in Georgia and Florida who do make an attempt of seed selection, but it is doubtful if the great majority of them are as careful in making selections of seed as they ought to be. Indeed it is a question if they realize the importance of being extremely careful in picking out the very best seed their fields afford. And it is doubtful if the Sea Island growers—that is, those of Georgia and Florida—believe that the demand for their cotton is falling off. It is probable that they think that there is a combination against them for the purpose of getting their cotton at a lower price.

It may be true that there is a combination to beat down the price, but of that we know nothing. There is no good reason why the growers shouldn't organize for the purpose of getting the best price possible for their product, but while they are doing that they shouldn't neglect to improve their cotton by all means available. It is certain that seed selection will do more than anything else to bring about an improvement. This is a matter that ought to be and doubtless will be given very careful consideration at the Valdosta convention. It is possible that more can be done to raise the price for Sea Island cotton by improving the cotton than by forming an organization for holding cotton. There is no reason, however, why both means shouldn't be adopted.

The county superintendent of schools for Hernando county, in replying to the sarcasm poked at him by The School Exponent, very gracefully accepts all that is said, but still sticks to his text and insists that in employing strangers as teachers he must know something of their past history. We admire his judgment and he certainly will not have any objectionable teachers if he can avoid it.

There is one thing certain, and that is that the people of Florida will have to be more careful in selecting members of the Legislature, or else submit the measures brought before that body to a committee of investigation, before they come up for passage.

Those hot-headed Cubans have been living so long in peace and quiet that they just can't stand it no longer and there is trouble brewing. A house filled with arms and ammunition was discovered in Havana a few days ago.

HOLLOWAY CASE IS NOW ON IN COURT

All of Wednesday Afternoon Was Spent Trying to Secure Jury.

FIVE HAVE BEEN SELECTED

By Order of Court a Special Venire of Twenty Was Drawn From Box and Case Will be Resumed Today—Other Transactions of the Court.

The principal business to come before the circuit court Wednesday was the case of the State vs. William M. Holloway, charged with criminal libel. The case was originally set for 9 o'clock in the morning, but at the convening of the court was postponed until 2 o'clock.

Promptly at that hour the docket was sounded, and all parties announced ready for trial. The court room was not unusually crowded, as was expected would be the case, which was evidence of the fact that this famous case had lost the original interest which it commanded.

The afternoon was spent in securing a jury, and only five were selected. The panel having become exhausted, the sheriff and clerk, by order of the court, drew from the box a special venire of twenty names for this case, as follows:

John B. Polk, C. A. Williams, C. D. Wood, J. P. Jones, L. Guthrie, A T. Kelley, W. D. Tillman, A. R. Kelley, M. Clemmons, D L. Graham, J. C. Baxley, M. W. Danforth, J. C. Martin, M. M. May, J. E. Griffith, W. H. Boone, W. C. Dampier, J. F. Beck, W. C. Lindsay and J. W. May.

Those selected Wednesday afternoon were W. A. Hudson, J. T. Richard, F. T. Baker, Jr., J. M. Manning, M. E. Jolly.

Miss Lois Hale was sworn in as stenographer in this case.

Robert E. Davis was sworn in as assistant State's attorney, but has no connection with the Holloway case.

By leave of the court Hon. Benj. P. Calhoun, State's attorney, filed the following information:

State vs. Charley Roberts, selling liquor in a dry county, two indictments.

State vs. Julius Washington, selling liquor in a dry county.

The following cases were brought up and disposed of:

State vs. John Williams, assault, appeal from justice court dismissed.

State vs. Moses Williams et al., assault, appeal from justice court dismissed.

State vs. James R. Smith, assault, appeal dismissed.

State vs. Ben McNish, appeal dismissed.

State vs. James Pelham, appeal dismissed.

State vs. Holmes Dorsey, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

Court adjourned until 9 o'clock this morning.

James Osteen, who was convicted of manslaughter at St. Augustine, was sentenced for two years.

"A BREEZY TIME"

Will Appear at the Opera House Next Tuesday Night.

Manager Layton should be congratulated on securing so good an attraction for next Tuesday night as "A Breezy Time." If he always books as good an attraction as this the amusement-loving people of Gainesville will have no cause to complain.

Wherever this company has appeared this season the press and public has been unanimous in pronouncing their performances the best ever seen. "A Breezy Time" is in three acts, the plot of which is so light that it is hardly worth mentioning, although every act has been happily impregnated with everything that is new and up-to-date, including music, songs, dances and clever specialities, all of which are introduced in an easy and perfectly legitimate manner.

The cast of "A Breezy Time" Company consists of the pick of some of the foremost artists now appearing on the farce comedy stage, who have the ability to depict in a fine and artistic manner the finely-drawn characters in this, the funniest of all comedies.

The growth of Gainesville may not be so rapid as many other cities in Florida, but is as substantial.

Rev. Sam Small says that "man was made lower than the angels," as he was made down here. The Rev. Sam generally makes statements that he can prove.

A strong petition will be presented to Governor Broward to have him appoint Miss Nellie Myrick of Jacksonville county superintendent of public instruction for Duval, in place of Prof. Elsey, resigned.

The United States Supreme Court has decided that a wife can sue gamblers for money lost by her husband, which decision upholds Ohio's anti-gambling law. That ought to hold the boys in check a little.

Florida is a great State for politics. We haven't got settled up with the old administrations of Governors Bloxham and Jennings before we have candidates bobbing up for the executive chair that Governor Broward has hardly had time to get warm.

Cunliffe, who swiped the $101,000 from the express company in Pittsburg, gets six years in the penitentiary. He will have time to study where he hid the part of the funds the detectives failed to find, so as to have something to start with when he comes out.

There is only one argument in favor of retaining the present officers of the large insurance companies now in office. They are pretty well fixed now and would not drain the treasury as much as new officers who would think it their duty to line their pockets with the company money.

By the provisions of the Buckman bill the State Board of Education has been enabled to appropriate $125,000 more to the public schools; yet some people say that the new law has not been of benefit to the State school system. With as high grades in the village schools as in the large cities, don't the people enjoy the benefits of the new law all over the State?

Finland, which has won freedom from the Czar, has an area of 142,000 square miles and a population of 2,700,000. Finland was under Swedish rule for 500 years. By the treaty of Frederickshamn in 1809 the country was ceded to Russia, but it retained its own system of home rule until in 1898 when the Czar began his policy of repression. The leading export for years has been lumber. In 1900 the value of this export was $22,780,000. The population is overwhelmingly Lutheran in religion.

The National Grange, in session at Atlantic City, N. J., Saturday, by a standing vote adopted a resolution which was ordered sent to President Roosevelt stating that the farmers of this country want neither more nor less than a square deal. The resolution says: "We unanimously and heartily endorse the manly efforts of President Roosevelt to secure equal opportunity of the individual and common people against the arrogant power of aggregate wealth. Irrespective of party, we pledge ourselves to support his efforts."

THE BUCKMAN BILL.

If there was ever a measure of which it can be truthfully said that it was "cussed" and discussed it is the Buckman bill. Again it is receiving the attention of the State press and it seems certain that its constitutionality will be tested.

The Record was opposed to the passage of the bill when it came before the Legislature as a radical measure. The conditions of Florida's educational facilities were not known to us at that time and this paper was in other hands.

The consolidation of the various educational institutions throughout the State seemed necessary. There is hardly a paper in the State that will not grant that such an action was necessary, but The Record with others considered the time for such action inopportune. A measure of such far-reaching effect should have been considered more maturely and should have been given the consideration of the people of the State. Instead of such action the bill was railroaded through the Legislature.

The time for a discussion of the merits of the measure is now gone and any discussion of it is futile. The sectional prejudice and sectional interest that is so difficult to rise above has now died with the passing of intervening time and the matter can now receive saner and more wholesome consideration.

The question now to be considered is whether the measure is constitutional. The constitutionality or the unconstitutionality is not to be decided by any editor in the State and the discussion of this phase of the question will do no more than bring false and sought for notoriety to the editor that wastes his time in so futile a manner.

It is a self-evident fact that if there is ground for the opinion that the measure is unconstitutional that it should be settled by the Supreme Court. The constitution is the supreme law of the State and all measures must be in accordance with it. There is not a citizen of Florida who desires to see a measure in operation that is at variance with the constitution of the State.

Further, if the measure be unconstitutional an injustice is being done the city of Gainesville. Were the University established and then the measure declared unconstitutional a serious problem would confront the Board of Public Instruction and the people of Florida.

For these reasons The Record is of the opinion that any attacks made on the merits of the measure are nonsensical and foolish. For the same reasons we are of the opinion that the bill should be tested and that whatever the result may be that the people of this State should and will abide by it. The discussion of it will end and Florida's educational facilities will again be in a settled condition.—Bartow Record.

THANKSGIVING PROCLAMATION

It is a beautiful and time honored custom which sets apart one day in each year as a day of thanksgiving for the blessings, material and spiritual, which we as a people enjoy. The year now nearing its end has been fruitful in blessings to the people of Florida, the intellectual and moral uplifting of our people is evidenced on every hand and the great material development of the State is observed and commented upon by all thoughtful people; prosperity prevails throughout the length and breadth of the State; labor has had its full employment; commerce has been in such volume as to almost choke the channels of trade; no sickness of an epidemic character has afflicted our people, except in one city, and there its ravages have been light and its progress is now most mercifully stayed; no flood or other great calamity has been visited upon us.

Therefore, following the example of the President of the United States, who has proclaimed the thirtieth day of November as a day of prayer and thanksgiving to Almighty God the Giver of all Good and Precious Gifts,

I, Napoleon B. Broward, Governor of the State of Florida, do hereby proclaim and set apart Thursday, the thirtieth day of November, A. D. 1905, as Thanksgiving Day.

On that day let all our people suspend their usual vocations, and in public and private give thanks to the great Creator for the blessings we have received at His hands; let our grateful hearts express thankfulness in acts of charity and benevolence toward the suffering and needy, the widow and orphan, that these unfortunates may also have cause for thankfulness and rejoicing.

In testimony whereof I have hereunto set my hand and caused to be affixed the great seal of the State of Florida at Tallahassee, the capitol, this the 14th day of November, A. D. 1905.

NAPOLEON B. BROWARD,
Governor.

By the Governor, attest:
H. CLAY CRAWFORD,
Secretary of State.

This space is reserved for H. C. STEVENS, Jeweler of High Springs, Fla.

Mr. Stevens has just moved into new quarters, so that he would have a better chance to show off his stock which he is continuously increasing, and will have one of the finest lines of Xmas Goods that has ever been seen in this part of the State. He expects now to have his Fall Opening on the 28th and 29th of this month, and will be glad to have every one come in and see the pretty goods.

Watch for his ad. next week.

SEA ISLAND COTTON.

The Savannah Morning News is devoting much space to the Sea Island cotton industry, and on November 14th has an article of much interest on the improvement of this staple, in which it says that it is probable that the growers of Sea Island cotton at their Valdosta convention will have a matter before them of as much importance as that of organizing for the purpose of holding cotton so as to get a better price for it. The matter in question is that of improving the cotton so as to make the demand for it greater.

It is stated that of the 105,000 bales of last year's crop a good many thousands of bales were carried over, because there was no demand for it, notwithstanding the fact that the price was low. The claim is made that the Sea Island cotton of Georgia and Florida is steadily deteriorating, and that it is much less in favor with spinners than it was a few years back. It seems that in some instances Yanovitch, an Egyptian growth, is preferred to it, because the waste is much less, and also because the weight of the bagging is deducted. There was a time when the growers of Sea Island cotton in Georgia and Florida kept up the grade of their cotton by means of fresh seed from the Sea Islands of South Carolina. They can no longer get seed from that source. The planters of the Islands have combined to prevent the Georgia and Florida planters from getting fresh seed from them.

How then can the grade of the cotton be improved? This is a question which the Federal government is undertaking to answer through its experiments at the experiment farm it has established near Blackshear, in this State. On this farm there has been a great deal of experimenting with seed, and the conclusion has been reached that by means of seed selection a much better grade of Sea Island cotton can be grown. Indeed, the opinion is held that the Sea Island cotton planters of Georgia and Florida can make themselves entirely independent of the planters of the Sea Islands by means of seed selection.

It is well known what has been done in the cultivation of corn by means of seed selection. The yield per acre has been greatly increased. The same thing can be done with Sea Island cotton that is grown in this State and in Florida. As a matter of fact the planters in the Sea Islands are very careful in selecting their seed from year to year. It is told that one planter on the Islands, by very careful selection, produces a cotton for which he finds a ready market at 75 cents a pound.

Probably there are planters of Sea Island cotton in Georgia and Florida who do make an attempt of seed selection, but it is doubtful if the great majority of them are as careful in making selections of seed as they ought to be. Indeed it is a question if they realise the importance of being extremely careful in picking out the very best seed their fields afford. And it is doubtful if the Sea Island growers—that is, those of Georgia and Florida—believe that the demand for their cotton is falling off. It is probable that they think that there is a combination against them for the purpose of getting their cotton at a lower price.

It may be true that there is a combination to beat down the price, but of that we know nothing. There is no good reason why the growers shouldn't organize for the purpose of getting the best price possible for their product, but while they are doing that they shouldn't neglect to improve their cotton by all means available. It is certain that seed selection will do more than anything else to bring about an improvement. This is a matter that ought to be and doubtless will be given very careful consideration at the Valdosta convention. It is possible that more can be done to raise the price for Sea Island cotton by improving the cotton than by forming an organization for holding cotton. There is no reason, however, why both means shouldn't be adopted.

The county superintendent of schools for Hernando county, in replying to the sarcasm poked at him by The School Exponent, very gracefully accepts all that is said, but still sticks to his text and insists that in employing strangers as teachers he must know something of their past history. We admire his judgment and he certainly will not have any objectionable teachers if he can avoid it.

There is one thing certain, and that is that the people of Florida will have to be more careful in selecting members of the Legislature, or else submit the measures brought before that body to a committee of investigation, before they come up for passage.

Those hot-headed Cubans have been living so long in peace and quiet that they just can't stand it no longer and there is trouble brewing. A house filled with arms and ammunition was discovered in Havana a few days ago.

HOLLOWAY CASE IS NOW ON IN COURT

All of Wednesday Afternoon Was Spent Trying to Secure Jury.

FIVE HAVE BEEN SELECTED

By Order of Court a Special Venire of Twenty Was Drawn From Box and Case Will be Resumed Today—Other Transactions of the Court.

The principal business to come before the circuit court Wednesday was the case of the State vs. William M. Holloway, charged with criminal libel. The case was originally set for 9 o'clock in the morning, but at the convening of the court was postponed until 2 o'clock.

Promptly at that hour the docket was sounded, and all parties announced ready for trial. The court room was not unusually crowded, as was expected would be the case, which was evidence of the fact that this famous case had lost the original interest which it commanded.

The afternoon was spent in securing a jury, and only five were selected. The panel having become exhausted, the sheriff and clerk, by order of the court, drew from the box a special venire of twenty names for this case, as follows:

John B. Polk, C. A. Williams, C. D. Wood, J. P. Jones, L. Guthrie, A T. Kelley, W. D. Tillman, A. R. Kelley, M. Clemmons, D L. Graham, J. C. Baxley, M. W. Danforth, J. C. Martin, M. M. May, J. E. Griffith, W. H. Boone, W. C. Dampier, J. F. Beck, W. C. Lindsay and J. W. May.

Those selected Wednesday afternoon were W. A. Hudson, J. T. Richard, F. T. Baker, Jr., J. M. Manning, M. E. Jolly.

Miss Lois Hale was sworn in as stenographer in this case.

Robert E. Davis was sworn in as assistant State's attorney, but has no connection with the Holloway case.

By leave of the court Hon. Benj. P. Calhoun, State's attorney, filed the following information:

State vs. Charley Roberts, selling liquor in a dry county, two indictments.

State vs. Julius Washington, selling liquor in a dry county.

The following cases were brought up and disposed of:

State vs. John Williams, assault, appeal from justice court dismissed.

State vs. Moses Williams et al., assault, appeal from justice court dismissed.

State vs. James R. Smith, assault, appeal dismissed.

State vs. Ben McNish, appeal dismissed.

State vs. James Pelham, appeal dismissed.

State vs. Holmes Dorsey, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

Court adjourned until 9 o'clock this morning.

James Osteen, who was convicted of manslaughter at St. Augustine, was sentenced for two years.

The growth of Gainesville may not be so rapid as many other cities in Florida, but is as substantial.

Rev. Sam Small says that "man was made lower than the angels," as he was made down here. The Rev. Sam generally makes statements that he can prove.

A strong petition will be presented to Governor Broward to have him appoint Miss Nellie Myrick of Jacksonville county superintendent of public instruction for Duval, in place of Prof. Elsey, resigned.

The United States Supreme Court has decided that a wife can sue gamblers for money lost by her husband, which decision upholds Ohio's anti-gambling law. That ought to hold the boys in check a little.

Florida is a great State for politics. We haven't got settled up with the old administrations of Governors Bloxham and Jennings before we have candidates bobbing up for the executive chair that Governor Broward has hardly had time to get warm.

Cunliffe, who swiped the $101,000 from the express company in Pittsburg, gets six years in the penitentiary. He will have time to study where he hid the part of the funds the detectives failed to find, so as to have something to start with when he comes out.

There is only one argument in favor of retaining the present officers of the large insurance companies now in office. They are pretty well fixed now and would not drain the treasury as much as new officers who would think it their duty to line their pockets with the company money.

By the provisions of the Buckman bill the State Board of Education has been enabled to appropriate $125,000 more to the public schools; yet some people say that the new law has not been of benefit to the State school system. With as high grades in the village schools as in the large cities, don't the people enjoy the benefits of the new law all over the State?

Finland, which has won freedom from the Czar, has an area of 142,000 square miles and a population of 2,700,000. Finland was under Swedish rule for 500 years. By the treaty of Frederickshamn in 1809 the country was ceded to Russia, but it retained its own system of home rule until in 1898 when the Czar began his policy of repression. The leading export for years has been lumber. In 1900 the value of this export was $22,780,000. The population is overwhelmingly Lutheran in religion.

The National Grange, in session at Atlantic City, N. J., Saturday, by a standing vote adopted a resolution which was ordered sent to President Roosevelt stating that the farmers of this country want neither more nor less than a square deal. The resolution says: "We unanimously and heartily endorse the manly efforts of President Roosevelt to secure equal opportunity of the individual and common people against the arrogant power of aggregate wealth. Irrespective of party, we pledge ourselves to support his efforts."

THE BUCKMAN BILL.

If there was ever a measure of which it can be truthfully said that it was "cussed" and discussed it is the Buckman bill. Again it is receiving the attention of the State press and it seems certain that its constitutionality will be tested.

The Record was opposed to the passage of the bill when it came before the Legislature as a radical measure. The conditions of Florida's educational facilities were not known to us at that time and this paper was in other hands.

The consolidation of the various educational institutions throughout the State seemed necessary. There is hardly a paper in the State that will not grant that such an action was necessary, but The Record with others considered the time for such action inopportune. A measure of such far-reaching effect should have been considered more maturely and should have been given the consideration of the people of the State. Instead of such action the bill was railroaded through the Legislature.

The time for a discussion of the merits of the measure is now gone and any discussion of it is futile. The sectional prejudice and sectional interest that is so difficult to rise above has now died with the passing of intervening time and the matter can now receive saner and more wholesome consideration.

The question now to be considered is whether the measure is constitutional. The constitutionality or the unconstitutionality is not to be decided by any editor in the State and the discussion of this phase of the question will do no more than bring false and sought for notoriety to the editor that wastes his time in so futile a manner.

It is a self-evident fact that if there is ground for the opinion that the measure is unconstitutional that it should be settled by the Supreme Court. The constitution is the supreme law of the State and all measures must be in accordance with it. There is not a citizen of Florida who desires to see a measure in operation that is at variance with the constitution of the State.

Further, if the measure be unconstitutional an injustice is being done the city of Gainesville. Were the University established and then the measure declared unconstitutional a serious problem would confront the Board of Public Instruction and the people of Florida.

For these reasons The Record is of the opinion that any attacks made on the merits of the measure are nonsensical and foolish. For the same reasons we are of the opinion that the bill should be tested and that whatever the result may be that the people of this State should and will abide by it. The discussion of it will end and Florida's educational facilities will again be in a settled condition.—Bartow Record.

THANKSGIVING PROCLAMATION

It is a beautiful and time honored custom which sets apart one day in each year as a day of thanksgiving for the blessings, material and spiritual, which we as a people enjoy. The year now nearing its end has been fruitful in blessings to the people of Florida, the intellectual and moral uplifting of our people is evidenced on every hand and the great material development of the State is observed and commented upon by all thoughtful people; prosperity prevails throughout the length and breadth of the State; labor has had its full employment; commerce has been in such volume as to almost choke the channels of trade; no sickness of an epidemic character has afflicted our people, except in one city, and there its ravages have been light and its progress is now most mercifully stayed; no flood or other great calamity has been visited upon us.

Therefore, following the example of the President of the United States, who has proclaimed the thirtieth day of November as a day of prayer and thanksgiving to Almighty God the Giver of all Good and Precious Gifts,

I, Napoleon B. Broward, Governor of the State of Florida, do hereby proclaim and set apart Thursday, the thirtieth day of November, A. D. 1905, as Thanksgiving Day.

On that day let all our people suspend their usual vocations, and in public and private give thanks to the great Creator for the blessings we have received at His hands; let our grateful hearts express thankfulness in acts of charity and benevolence toward the suffering and needy, the widow and orphan, that these unfortunates may also have cause for thankfulness and rejoicing.

In testimony whereof I have hereunto set my hand and caused to be affixed the great seal of the State of Florida at Tallahassee, the capitol, this the 14th day of November, A. D. 1905.

NAPOLEON B. BROWARD,
Governor.

By the Governor, attest:
H. CLAY CRAWFORD,
Secretary of State.

This space is reserved for H. C. STEVENS, Jeweler of High Springs, Fla.

Mr. Stevens has just moved into new quarters, so that he would have a better chance to show off his stock which he is continuously increasing, and will have one of the finest lines of Xmas Goods that has ever been seen in this part of the State. He expects now to have his Fall Opening on the 28th and 29th of this month, and will be glad to have every one come in and see the pretty goods.

Watch for his ad. next week.

SEA ISLAND COTTON.

The Savannah Morning News is devoting much space to the Sea Island cotton industry, and on November 14th has an article of much interest on the improvement of this staple, in which it says that it is probable that the growers of Sea Island cotton at their Valdosta convention will have a matter before them of as much importance as that of organizing for the purpose of holding cotton so as to get a better price for it. The matter in question is that of improving the cotton so as to make the demand for it greater.

It is stated that of the 105,000 bales of last year's crop a good many thousands of bales were carried over, because there was no demand for it, notwithstanding the fact that the price was low. The claim is made that the Sea Island cotton of Georgia and Florida is steadily deteriorating, and that it is much less in favor with spinners than it was a few years back. It seems that in some instances Yanovitch, an Egyptian growth, is preferred to it, because the waste is much less, and also because the weight of the bagging is deducted. There was a time when the growers of Sea Island cotton in Georgia and Florida kept up the grade of their cotton by means of fresh seed from the Sea Islands of South Carolina. They can no longer get seed from that source. The planters of the Islands have combined to prevent the Georgia and Florida planters from getting fresh seed from them.

How then can the grade of the cotton be improved? This is a question which the Federal government is undertaking to answer through its experiments at the experiment farm it has established near Blackshear, in this State. On this farm there has been a great deal of experimenting with seed, and the conclusion has been reached that by means of seed selection a much better grade of Sea Island cotton can be grown. Indeed, the opinion is held that the Sea Island cotton planters of Georgia and Florida can make themselves entirely independent of the planters of the Sea Islands by means of seed selection.

It is well known what has been done in the cultivation of corn by means of seed selection. The yield per acre has been greatly increased. The same thing can be done with Sea Island cotton that is grown in this State and in Florida. As a matter of fact the planters in the Sea Islands are very careful in selecting their seed from year to year. It is told that one planter on the Islands, by very careful selection, produces a cotton for which he finds a ready market at 75 cents a pound.

Probably there are planters of Sea Island cotton in Georgia and Florida who do make an attempt of seed selection, but it is doubtful if the great majority of them are as careful in making selections of seed as they ought to be. Indeed it is a question if they realize the importance of being extremely careful in picking out the very best seed their fields afford. And it is doubtful if the Sea Island growers—that is, those of Georgia and Florida—believe that the demand for their cotton is falling off. It is probable that they think that there is a combination against them for the purpose of getting their cotton at a lower price.

It may be true that there is a combination to beat down the price, but of that we know nothing. There is no good reason why the growers shouldn't organize for the purpose of getting the best price possible for their product, but while they are doing that they shouldn't neglect to improve their cotton by all means available. It is certain that seed selection will do more than anything else to bring about an improvement. This is a matter that ought to be and doubtless will be given very careful consideration at the Valdosta convention. It is possible that more can be done to raise the price for Sea Island cotton by improving the cotton than by forming an organization for holding cotton. There is no reason, however, why both means shouldn't be adopted.

The county superintendent of schools for Hernando county, in replying to the sarcasm poked at him by The School Exponent, very gracefully accepts all that is said, but still sticks to his text and insists that in employing strangers as teachers he must know something of their past history. We admire his judgment and he certainly will not have any objectionable teachers if he can avoid it.

There is one thing certain, and that is that the people of Florida will have to be more careful in selecting members of the Legislature, or else submit the measures brought before that body to a committee of investigation, before they come up for passage.

Those hot-headed Cubans have been living so long in peace and quiet that they just can't stand it no longer and there is trouble brewing. A house filled with arms and ammunition was discovered in Havana a few days ago.

HOLLOWAY CASE IS NOW ON IN COURT

All of Wednesday Afternoon Was Spent Trying to Secure Jury.

FIVE HAVE BEEN SELECTED

By Order of Court a Special Venire of Twenty Was Drawn From Box and Case Will be Resumed Today—Other Transactions of the Court.

The principal business to come before the circuit court Wednesday was the case of the State vs. William M. Holloway, charged with criminal libel. The case was originally set for 9 o'clock in the morning, but at the convening of the court was postponed until 2 o'clock.

Promptly at that hour the docket was sounded, and all parties announced ready for trial. The court room was not unusually crowded, as was expected would be the case, which was evidence of the fact that this famous case had lost the original interest which it commanded.

The afternoon was spent in securing a jury, and only five were selected. The panel having become exhausted, the sheriff and clerk, by order of the court, drew from the box a special venire of twenty names for this case, as follows:

John B. Polk, C. A. Williams, C. D. Wood, J. P. Jones, L. Guthrie, A T. Kelley, W. D. Tillman, A. R. Kelley, M. Clemmons, D. L. Graham, J. C. Baxley, M. W. Danforth, J. C. Martin, M. M. May, J. E. Griffith, W. H. Boone, W. C. Dampier, J. F. Beck, W. C. Lindsay and J. W. May.

Those selected Wednesday afternoon were W. A. Hudson, J. T. Richard, F. T. Baker, Jr., J. M. Manning, M. E. Jolly.

Miss Lois Hale was sworn in as stenographer in this case.

Robert E. Davis was sworn in as assistant State's attorney, but has no connection with the Holloway case.

By leave of the court Hon. Benj. P. Calhoun, State's attorney, filed the following information:

State vs. Charley Roberts, selling liquor in a dry county, two indictments.

State vs. Julius Washington, selling liquor in a dry county.

The following cases were brought up and disposed of:

State vs. John Williams, assault, appeal from justice court dismissed.

State vs. Moses Williams et al., assault, appeal from justice court dismissed.

State vs. James R. Smith, assault, appeal dismissed.

State vs. Ben McNish, appeal dismissed.

State vs. James Pelham, appeal dismissed.

State vs. Holmes Dorsey, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

State vs. Charley Robinson, selling liquor in a dry county, nol prossed.

Court adjourned until 9 o'clock this morning.

James Osteen, who was convicted of manslaughter at St. Augustine, was sentenced for two years.

"A BREEZY TIME"

Will Appear at the Opera House Next Tuesday Night.

Manager Layton should be congratulated on securing so good an attraction for next Tuesday night as "A Breezy Time." If he always books as good an attraction as this the amusement-loving people of Gainesville will have no cause to complain.

Wherever this company has appeared this season the press and public has been unanimous in pronouncing their performances the best ever seen. "A Breezy Time" is in three acts, the plot of which is so light that it is hardly worth mentioning, although every act has been happily impregnated with everything that is new and up-to-date, including music, songs, dances and clever specialities, all of which are introduced in an easy and perfectly legitimate manner.

The cast of "A Breezy Time" Company consists of the pick of some of the foremost artists now appearing on the farce comedy stage, who have the ability to depict in a fine and artistic manner the finely-drawn characters in this, the funniest of all comedies.

OVER ONE HUNDRED LIVES LOST IN WRECK

French Steamer Totally Destroyed on Les Portes Reef.

BOILERS OF STEAMER EXPLODED

Many Bodies Are Picked Up on the Beach—Corpse as Found Presented an Awful Spectacle, Showing the Terrible Struggle They Underwent.

Paris, Nov. 21.—Special reports received here of the wreck of the steamer Hilda which left Southampton on Friday night for St. Malo, France, and were totally wrecked on Las Portes reef, outside of Jarin light house yesterday morning with the loss of over a hundred lives, give a graphic description of the disaster.

Owing to rough sea weather with a thick snow storm, the captain of the Hildo probably took the bouy light of the rocks for the St. Malo lighthouse. He gave signals which were not seen by harbor employes and the the steamer proceeded slowly towards the light. Then the Hilda struck the rocks, the steamers boilers exploding and she was cut in two, giving the passengers no time to save their lives.

Seven bodies wearing life belts were stranded off the village of Ct. Cast yesterday evening. The coast near St. Malo is covered with the wreckage Two-thirds of the Hilda's passengers were French farmers returning to France with heavy sums in gold from the sale of their yearly harvest of onions and potatoes. The others were English families who were going to spend the winter at Dinard.

The wreck lies at Battle, 3 miles off St. Malo, showing only her mainmast and forecastle.

A correspondent of The Matin went to the scene of the wreck on a government steamer with the local officials. They picked up five bodies which were entangled in the rigging of the Hilda. The bodies presented a dreadful spectacle with arms and legs twisted in all directions and hands torn from the desperate struggle for life.

123 Men Were Drowned.

London, Nov. 21.—The London and Southwestern Railway company announced this afternoon that an official report had been received from St. Malo stating that the total number of persons on board the Hilda wrecked off the French coast Sunday morning was 129. As only six were saved, 123 were drowned.

A telegram from St. Cast, near St. Malo, says that 51 bodies have been washed up on the beach.

Burned at Stake by Indians.

Las Angeles, Cal., Nov. 21.—In a letter received by George W. Knox of this city, the fate of Henry Miller and Gus Olinder, who left here on an expedition to Tiburton island, in the gulf of California, a year ago, and who have never been heard from, is probably disclosed. On the desolate shores of the gulf of California, near a deserted Indian village, a wandering herder has just found the trappings of Miller and Olinder, a book of nautical science, which belonged to Captain Olinder, and a pair of human hands, which may have belonged to one of the unfortunate men.

SCRATCHED DAY AND NIGHT

Lady Suffered Tortures with Itching Scalp Humor—One Box of Cuticura Ointment and One Cake of Cuticura Soap Cured Her.

WILL NEVER BE WITHOUT CUTICURA

"My scalp was covered with little pimples and I suffered tortures from the itching. I was scratching all day and night, and I could get no rest. I washed my head with hot water and Cuticura Soap and then applied the Cuticura Ointment as a dressing. One box of Cuticura Ointment and one cake of Cuticura Soap cured me. Now my head is entirely clear and my hair is growing splendidly. I have used Cuticura Soap ever since, and shall never be without it. (signed) Ada C. Smith, 309 Grand St., Jersey City, N. J."

HAWTHORN HAPPENINGS

Death of An Old Resident—Real Estate Deal—Other News Notes

Hawthorn, November 21.—An important real estate deal was transacted last week in the selling of the residence owned by J. E. Martin of this place to P. Baker of Campville The place will be occupied in a few days by J. Bashlot and family.

W. T. McEuen had the misfortune to lose his baby recently. It was sick only a short while, being seemingly in good health in the afternoon, and died before morning.

The young child of W. Cristie, who has been sick some time, died recently.

Judge Adkins, who was the oldest citizen of this place, and whose age was estimated to be one hundred and four years, died last week, and was interred in the Hawthorn cemetery.

Professor W. E. Bell and wife went to Gainesville last week to confer with the Superintendent of Public Instruction in regard to exhibits of different schools for the State Fair at Tampa. Hawthorn school has a neat and attractive exhibit of work done by the pupils, which will be hard to excel if judged by accuracy of work done.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. Banks Have Plenty of Money.

New York, Nov. 21.—The clearing house, according to today's bank statement, held $2,915,150 in excess the legal requirement of 25 per cent of deposits, against a deficit of $8,488,600 last week.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

REAL ESTATE MATTERS.

Several Good Deals Are Expected to be Made in a Few Days.

While there is no great stir in the real estate market in this city at the present time, there is bound to be a movement along this line soon that will cause some stir along that line.

In the city the prices are firm and many persons would purchase at once if the prices were at what they think would be not too high. There are many inquiries regarding farming lands, and in one or two instances dealers in farm lands are preparing to advertise their offerings in many Northern States.

There is a good demand for farming lands at the present time andit is quite apparent that it will be better in a few weeks or months.

Slugglish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Cripple Shoots Son-In-Law.

Atherton, Tex., Nov. 21.—T. J. Hollop, a cripple, shot and mortally wounded Andy Hart, his son-in-law, at his home at East Bernard. Hollop surrendered and is in jail here. Hart was recently indicted at Houston on a charge of murder in connection with the death of his young sister-in-law, Hollop's daughter. While he was under arrest, his wife died also. Hart was released from the indictment charging murder, but was then indicted for adultery.

Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will equal them. They will cure the severest spell of nervous or sick headache in a very few minutes. I am of a nervous temperament, and occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely contain myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."
MRS. F. E. KARL, Detroit, Mich.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

Mrs. E. T. Finklea of Rochelle was in the city yesterday.

L. N. Pearce, the popular Alachua merchant, was in the city yesterday.

Mrs. H. L. Stokes of Micanopy was in the city Monday calling on her numerous friends.

Myron Jackson of Ocala is the welcome guest of the family of Milo Bennett of this city.

J. B. McDonald is now located at Carrabelle, where he has requested that The Sun be forwarded to him.

W. B. Ellis of Cedar Key was in the city yesterday. His host of friends are always glad to grasp his honest palm.

F. D. Irwin, general merchant at Fairbanks, was in the city yesterday on business and made The Sun a pleasant call.

J. H. M. Kirby of Newberry was in the city Monday and made The Sun a pleasant "call" for the limit—one dollar a year.

The residence of Col. W. H. Palmer in North Gainesville is being altered and improved by the addition of a large bay window.

Born, to Mr. and Mrs. P. H. Perry, Monday, November 20th, 1905, a son, weight eight pounds. Friends extend congratulations.

H. M. Chitty returned from Micanopy on Monday, where he has been for some time, suffering from dengue fever. His brother, Arthur, who is afflicted with rheumatism, has temporarily, at least, lost the use of his left arm, but is thought to be slowly gaining.

Calvert Smith, the brilliant young cartoonist of The Jacksonville Times-Union, was in the city on Monday, en route to Tacoma, where he will on Wednesday wed Miss Margurite Reece, the accomplished daughter of Dr. and Mrs. Reece of that place. The many friends of the young people in Gainesville extend congratulations.

The books awarded to Kirby Smith Chapter, U. D. C., in the Library contest have been disposed of as the Chapter had intended, provided they won. The High School gets the fine collection of books of reference while the Hospital has the works of fiction. The ladies "toted fair" in the contest and they have most worthily bestowed the prize won through their persistent efforts.

Superintendent Kelley is trying to perfect negotiations to secure a low rate for the Gainesville and Alachua county teachers, so they can all visit the State Fair. He feels highly pleased with the county exhibit at the State Fair and is quite confident he could take first prize on having the best-looking lot of teachers at the Fair. There are many who also have confidence in his judgment.

THE REVIVAL.

Revs. T. J. Nixon and D. B. Strouse Conducting Services.

Revs. T. J. Nixon, pastor of Kavanaugh Methodist Church, assisted by Rev. D. B. Strouse of Salem, Va., began a series of meetings at that church Tuesday evening. The first meeting was well attended, and the meeting gives promise of great success.

All pastors of the city, together with their congregations, are invited to join in the meeting.

Rev. D. B. Strouse.

This gentleman, who is now conducting a series of evangelistic meetings, with Pastor T. J. Nixon at Kavanaugh Methodist Church, is already known to many of our people, as he has visited Gainesville several times before. He is the father of Dr. Clarence B. Strouse, so well and favorably known in our city.

Mr. Strouse is apparently about sixty years of age, and is a man of fine appearance and cheerful disposition. He is a very successful business man who gave up a large and lucrative business in Salem, Va., that he might give his entire time to evangelistic work. He practiced law for eighteen years, and gave it up to attend to his large manufacturing interest, he being president of the company.

Mr. Strouse is a man of deep piety and a broad, catholic spirit. He is a member of the Lutheran church, but works harmoniously with other churches in revival meetings. He greatly desires that the pastors and members of the other churches will attend the meetings as much as possible. The special meetings began Tuesday night and will continue for about twelve days. Services daily at 8 p. m. and 7:30 p. m.
